PREFACE

The advent of the Competence-Based Curriculum (CBC) heralds a new era of dynamic and practical learning experiences designed to equip learners with the 21st century skills. It marks a transformative step in improving education quality and relevance.

The Listening and Speaking (Oral) Module for Grade 1 has been designed in line with the Competence Based Education principles which seek to link education to real life experiences. The General Competences provided in the 2023 Zambia Curriculum Framework are linked to the content of this module.

The Module aims to support Grade 1 teachers in the implementation of the CBC in the absence of approved text books. It therefore reflects the Ministry's unwavering commitment to making this journey as smooth as possible for teachers. However, teachers are encouraged to supplement this module with their own research and innovations in order to address any gaps that may arise during implementation.

I hope teachers will make good use of this resource.

Kelvin Mambwe (PhD.)

Permanent Secretary- Educational Services

MINISTRY OF EDUCATION

ACKNOWLEDGEMENT

The Listening and Speaking (Oral) Module for Grade 1 has been developed with wide consultation involving several stakeholders within and outside the Education system. Many individuals, institutions and organizations were consulted to gather their views on the existing English Language practices to accord an opportunity to make suggestions for the Competence Based Curriculum. The Ministry of Education wishes to express heartfelt gratitude to all those who participated for their valuable contributions which culminated in the development of this Module.

Finally, I acknowledge the dedication and hard work of the staff at the Curriculum Development Centre, whose efforts were instrumental in ensuring the successful completion of the syllabus development process.

Charles K. Ndakala (Dr.)

Director Curriculum Development

SAMPLE LESSON PLAN	53

INTRODUCTION

The Listening and Speaking (Oral) Module for Grade 1 has been developed to support teachers in the effective delivery of English Literacy and Language lessons under the reformed curriculum. The module is developed based on the approved 2024 Competence-based English language Syllabus. It aims to bridge the gap created by the absence of approved textbooks and to equip educators with practical tools, activities, and assessments tailored to the learners' level and needs.

The Ministry understands the challenges that come with transitioning to a new curriculum that is Competence-Based. The choice of the Competence-Based Curriculum (CBC) marks a transformative step in improving education quality and relevance. This module reflects the Ministry's unwavering commitment to making this journey as smooth as possible for teachers, by providing structured guidance, suggested activities, and formative assessments that align with the CBC's objectives. However, teachers are encouraged to supplement this module with their own research and innovations in order to address any gaps that may arise during implementation.

The suggested activities and assessments provided in this module are designed to foster practical and critical thinking skills in learners while ensuring relevance and adaptability to different school contexts. Teachers are encouraged to tailor these pedagogical skills to their unique classroom dynamics and to explore alternative, acceptable approaches, which are learner centred, and translanguaging practices that support the multilingual teaching environment necessary in the Zambian classrooms. This flexibility is key to ensuring that all learners, regardless of their environment, benefit from meaningful and impactful Curriculum.

It is envisaged that this module will serve as a valuable resource for teachers as they navigate the new Competence-Based Curriculum, enhancing their ability to inspire and equip learners with essential Language and Literacy knowledge, skills and positive attitudes desired to create a vibrant and responsive education system.

HOW THE MODULE SHOULD BE USED

This module is designed to support teachers in planning and delivering listening and speaking lessons in English for Term 2. It is organized into topics and sub-topics covering various thematic areas. The module offers a variety of activities that can be translated into lessons. Teachers are encouraged to design their own lessons using the suggested activities and supplementary resources.

SUGGESTED TEACHING METHODOLOGY

The teaching method in this syllabus follows the three Ps' strategy-Present, Practice, and Produce, tailored for listening and speaking skills. The approach includes various methods such as pair work, group activities, role-play, language games, songs, stories, rhymes, dialogue, conversation, and interactive games. Teachers are encouraged to use a variety of teaching methods and approaches to enhance the development of listening and speaking skills. Teachers are also encouraged to trans-language by using accommodation strategies such as code switching, particularly in instances where learners are not exposed to English as their first language.

LISTENING AND SPEAKING ACTIVITIES FOR TERM TWO (2)

Topic: 1.1 Conversations

1. Introduction

The listening and speaking lessons will continue with the topic conversations, which was the main topic for term one. This topic encompasses several sub-topics, which include occupations, things found at home, things found at school, domestic animals, at the market, community practices, statements and plurals. Through these lessons, learners will be exposed to a variety of speaking and listening situations that encourage active participation and engagement. This topic is important as it provides learners with opportunities to explore, build, and apply appropriate vocabulary in different contexts, enhancing their communication skills and confidence in using the English language effectively.

General Competence(s)

The general competences that learners will acquire, through the learning experience, include; effective communication, collaboration, creativity and innovation, as well as critical thinking.

Key Terms /Words/Vocabulary

The key terms to be introduced in this topic include: *occupations, the market, statements, manners, stories, songs, poems, rhymes, tongue twisters, drama, community, practices, home, school.*

Sub Topic:

1.1.7 Food and Meals

Introduction

This sub-topic emphasises on enabling learners to differentiate types of food, various meals and say a prayer before meals. Learners will use simple language to talk about different foods and meals of the day.

Specific Competence(s) - Learners to:

1.1.7.1 Use appropriate language to talk about different foods and meals of the day.

Learning Activities:

Activity 1a: Identifying different types of food

Activity 1b: Mentioning types of meals

Activity 1c: Reciting a prayer before meals

Activity 1a: Identifying different types of food

PROCEDURE:

a) Step 1: Present:

- Activate learners' prior knowledge by asking them to mention the food they eat at home.
- Explain that the food they have mentioned is in different types.
- Display the picture/chart showing the different types of food.
- Referring to the picture/chart, explain the types of food (*fruits, vegetables, meat, grains, legumes and dairy*).
- Demonstrate saying the different foods found in each type, for example:
Teacher: "What are some of the fruits?"
Learners: "some of the fruits are mangoes, oranges, masuku"

Teacher: "What are some of the vegetables?"

Learners: "some of the vegetables are cabbage, rape, pumpkin leaves"

b) Step 2: Practice:

- Conduct a conversation in pairs:
Learner 1: What are some of the grains?
Learner 2: some of the grains are rice, porridge
- Continue to practice the conversation in pairs: *Some of the ... are*
Learner 2: What are some of the (legumes, meat, dairy....)
Learner 1: some of the (legumes are beans, nuts ...).
- Ensure that learners do not practice with the same partners throughout, and ensure they are taking turns asking and responding.

c) Step 3: Produce:

- Put learners in small groups to practice the conversation.
- Instruct each small group of learners to stand in a circle. For example;
Learner 1: What are some of the drinks?
Learner 2: some of the drinks are sweet beer, tea, Fanta
Learner 2: What are some of the dairy foods?
Learner 3: some of the dairy food is milk, yoghurt

Learner 3: What are some of the (meats....)?

Learner 4: some of the (meat is fish, beef)

- Let the learners go on until everyone in the circle speaks.

d) Step 4: Closure

- Tell them to put their thumbs up if they agree with the said statement, thumbs down if they do not agree.

- Then say statements such as:

A cabbage is a fruit (Expect learners to put thumbs down because the statement is not true)

A fish is a meat (Expect learners to put their thumbs up because the statement is true)

e) Suggested teaching and learning materials: *picture showing different types of food.*

f) Expected standard:

- Language to talk about different food and meals used appropriately

Assessment Activities

Ask learners to identify a food and its type.

Summary

- Review the chart and the different food types (*meat, vegetables, fruits*).

Activity 1b: Mentioning types of meals

PROCEDURE

a) Step 1: Present:

- Activate learners' prior knowledge by asking them to mention the meals that they eat at home.
- Explain that there are three main meals (*breakfast, lunch and supper*) in a day.
- Ask learners to share what other meals that they eat apart from the three main meals
- Explain that there are also other meals known as snacks that are taken in-between the main meals.

- Explain the different times of day when each meal is taken. (*Morning – breakfast, afternoon – lunch, evening – supper*).
- Demonstrate asking and answering questions about meals. For example:

Teacher: What time is (breakfast, lunch, supper) taken?

Learner: (breakfast, lunch, supper) is taken (in the morning, around mid-day, in the evening)

Learner: What time is (breakfast, lunch, supper) taken?

Teacher: (breakfast, lunch, supper) is taken (in the morning, around mid-day, in the evening)

b) Step 2: Practice:

- Conduct a conversation in pairs:
Learner 1: What time is (breakfast, lunch, supper) taken?
Learner 2: (Breakfast, lunch, supper) is taken (in the morning, around mid-day, in the evening)
- Continue to practice the conversation in pairs:
Learner 2: What time is (breakfast, lunch, supper) taken?
Learner 1: (Breakfast, lunch, supper) is taken (in the morning, around mid-day, in the evening)
- Ensure that learners do not practice with the same partners throughout and ensure they take turns at both asking and responding.

c) Step 3: Produce:

- Instruct some pairs to showcase what they would have done during the practice stage.

d) Step 4: Closure

- Ask learners to mention the types of meals (*breakfast, lunch, supper and snacks*).

e) Suggested teaching and learning materials: *puppet (used to demonstrate the conversation)*

f) Expected standard:

- Language to talk about different food and meals used appropriately

Assessment Activities

Ask learners to mention the different meals and the time of day they are taken.

Summary

Review the different meals and the times when they are taken.

Activity 1c: Reciting a prayer before meals

PROCEDURE

a) Step 1: Present:

- Display a picture showing people praying before having a meal.
- Ask learners to explain what is happening in the picture.
- Consolidate their ideas by explaining the importance of praying before meals.
- Teach the learners to recite a simple prayer before meals. For example:
Thank you God for the food, in Jesus name. Amen

b) Step 2: Practice:

- Instruct learners to recite the prayer after you, as a whole class.
- Ask the learners to recite the prayer as individuals, in pairs and small groups. (Ensure everyone has a chance to practice).

c) Step 3: Produce:

- Tell learners to recite the prayer in small groups, pairs or individuals in front of the class.

d) Step 4: Closure

- Learners to recite the prayer independently.

e) Suggested teaching and learning materials: *picture showing people praying before taking a meal*

f) Expected standard:

- Language to talk about different food and meals used appropriately

Assessment Activities

Ask learners to recite a prayer used before meals

Summary

- Review the importance of praying before meals.

Sub Topic:

1.1.8 Occupations

Introduction

This sub-topic focuses on equipping learners with the ability to use appropriate language to talk about occupations in the community. Learners will explore and practice words commonly used when talking about occupations in the community.

Specific Competence(s) - Learners to:

1.1.8.1 Use appropriate language to talk about occupations in the community

Learning Activities:

Activity 1a: Naming occupations in the community

Activity 1b: Stating the role played by people in different occupations in the community

Activity 1c: Exploring occupations through role-play

Activity 1a: Naming occupations in the community

PROCEDURE

a) Step 1: Present:

- Introduce the term occupation and describe what this means.
- Ask learners to mention occupations in the community (*teachers, nurses, farmers, watchmen....*).
- Display a picture showing different occupations.
- Mention the occupations shown in the picture (*This is a ...*)
- Ask learners to mention the occupations shown in the picture (*This is a*)
- Demonstrate how to converse about occupations in the community.

Teacher: Who is this? (point at picture)

Learner: This is a (carpenter).

Learner: Who is this? (point at picture)

Teacher: This is a (nurse)

b) Step 2: Practice:

- Conduct conversations in pairs or small groups using picture cards:

Learner 1: Show a picture and ask 'who is this?'

Learner 2: 'This is a (policeman)'

- Continue to practice the conversation in pairs or small groups:

Learner 2: Show a picture and ask 'who this?'

Learner 1: This is a (teacher)'...

- Ensure that learners do not practice with the same partners throughout and everyone has a chance to both ask and respond.

c) Step 3: Produce:

- Instruct some pairs to showcase what they would have done during the practice stage.

d) Step 4: Closure

- Ask learners to mention the different occupations in the community.

e) Suggested teaching and learning materials: *picture showing people doing various occupations in the community (teaching, nursing, coaching....).*

f) Expected standard:

Appropriate language to talk about occupations in the community used accordingly.

Assessment Activities

Ask learners to name different occupations in their community

Summary:

Review the different occupations on the chart.

Activity 1b: Stating the role played by people in different occupations in the community

PROCEDURE:

a) Step 1: Present:

- Display the chart showing different occupations in the community.
- Ask learners to mention the different occupations shown in the picture (*nurses, farmers.....*)
- Discuss the roles of people in different occupations in the community.
- Teacher demonstrates pair work:
Teacher: What does a (nurse, teacher...) do?
Learner: A nurse helps sick people, A teacher teaches people.

b) Step 2: Practice:

- Conduct a conversation in pairs:

Learner 1: What does a (farmer) do?

Learner 2: (A farmer grows food)

- Continue to practice the conversation in pairs:

Learner 2: What does a (carpenter) do?

Learner 1: (A carpenter makes chairs, tables...)

- Ensure that learners do not practice with the same partners throughout.

c) Step 3: Produce:

- Have some pairs present their practiced conversation to the whole class.

d) Step 4: Closure

- Put the picture cards in a box at the front of a class.
- Choose a learner to pick a picture card from the box.
- Show it to the class and say the occupation on the picture “I am a (police man).’
Then say what that occupation does. ‘I (protect people).’

e) **Suggested teaching and learning materials:** *chart showing different occupations in the community, picture cards and box.*

f) Expected standard:

- Appropriate language to talk about occupations in the community used accordingly.

Assessment Activities

Ask learners to say different roles that are played by different occupations in the community

Summary:

Review the roles played by different occupations in the community.

Activity 1c: Exploring occupations through role-play

PROCEDURE:

a) Step 1: Present:

- Ask learners to mention the different roles played by people in various occupations.
- Explain to the learners that they will play roles for different occupations in the community.

- Demonstrate the role of an occupation. (*Teacher plays the role of a carpenter by pretending to plane a piece of wood*).

Teacher: 'Who am I?'

Learners: 'You are a carpenter.'

b) Step 2: Practice:

- Conduct conversations in pairs or small groups:
- Instruct members of a group or pairs to pretend to drive cars and ask:
Group 1: Who are we?
Group 2: You are drivers.
- Continue to practice the conversation in pairs or small groups:
Learner 1: Pretends to teach and asks: Who am I?
Learner 2: You are a teacher
- Ensure that learners do not practice with the same partners throughout and both get a turn to ask and respond.

c) Step 3: Produce:

- Have some pairs present their role-play and conversation to the whole class.

d) Step 4: Closure

- Display a chart of different occupations
- Point to the pictures of different occupations.
- The teacher will mention the occupations while the learners will say the role.
Teacher points at different occupations on the chart.
Teacher: 'Nurse'
Learner: 'Helps sick people'.

e) **Suggested teaching and learning materials:** *chart showing different occupations in the community.*

f) **Expected standard:**

Appropriate language to talk about occupations in the community used accordingly.

Assessment Activities

Ask learners to role-play appropriate actions that different occupations do.

Summary:

- Review the roles played by different occupations in the community.

Sub-Topic:

1.1.9 Things found in a home

Introduction

This sub-topic focuses on equipping learners with the ability to use appropriate language to discuss things found in a home. Learners will name parts of a house, things found in a home and their uses. This knowledge will help learners appreciate things in their homes and use them correctly.

Specific competence

1.1.9.1 Use appropriate language to talk about things found at home

Learning Activities

- Activity 1a: Parts of a house
- Activity 1b: Things found in a home
- Activity 1c: Uses of things found in a home

Activity 1a: Parts of a house

PROCEDURE

a) Step 1: Present

- Ask learners to describe their house. (Bring out the number of rooms).
- Explain that different rooms make the parts of a house.
- Ask learners to mention the parts of a house (kitchen, bedroom, toilet, bathroom, sitting room...)
- Explain the uses of each part of the house (a bedroom is for sleeping....)
- Demonstrate a conversation on parts of the house and their use.

Teacher: *"Where do we cook?"*

Learner: *"The kitchen."*

b) Step 2: practice

- Conduct a whole class choral repetition of "Where do we?"
- Pair learners to practice the dialogue

Learner 1: *"Where do we sleep?"*

Learner 2: *"The bedroom"*

Learner 2: *"Where do we bath?"*

Learner 1: *"The bathroom."*

- Rotate pairs to ensure everyone practices with different partners and does both asking and responding.

c) Step 3: Produce

- Ask each pair to perform their dialogue in front of the class
- Provide feedback.

d) Step 4: Closure

- Ask learners to name parts of a house and their use. (*Bedroom for sleeping, bathroom for bathing....*)

e) Suggested Teaching and Learning materials:

- Puppet, chart showing a house plan

f) Expected standards:

- Appropriate language to talk about things found at home used accordingly.

Assessment Activities

Ask learners to name the parts of a house and their uses

Summary

- Review the different parts of a house and their uses.

Activity 1b: Things found in a home.

PROCEDURE

a) Step 1: Present

- Ask learners to name things found in their home (*plates, spoon, sofas/chairs, television, tables, beds, blankets...*)
- Display a poster showing the parts of a house and the different things found in each part (Kitchen – spoon, pan, plate... Bedroom – bed, blanket...)
- Identify the different things from each part of the house.
- Ask learners to mention other things and the part of the house where they are found.

- Demonstrate a conversation on things found in a home and the part of the house they are found?

Teacher: *“Where is the (bed, spoon...)?”*

Learner: *“The (bed, spoon) is in the (bedroom, kitchen)”*

b) Step 2: practice

- Conduct a whole class choral repetition of “Where is the?”
- Pair learners to practice the dialogue

Learner 1: *“Where is the plate?”*

Learner 2: *“The plate is in the kitchen”*

Learner 2: *“Where is the tv?”*

Learner 1: *“The tv is in the sitting room”*

- Rotate pairs to ensure everyone practices with different partners and both asks and responds.

c) Step 3: Produce

- Ask some pairs to perform their dialogue in front of the class
- Provide feedback.

d) Step 4: Closure

- Ask learners to name the things found in a home and the part of the house they are found. (Kitchen - spoons, pots...bed room – blankets, beds ...)

e) Suggested Teaching and Learning materials:

- Chart showing things in a home and where they are found.

f) Expected standards:

- Appropriate language to talk about things found at home accordingly.

Assessment Activities

Ask learners to identify things in a home and where they are found.

Summary

- Review things in a home and where they are found.

Activity 1c: Uses of things found in a home.

PROCEDURE

a) Step 1: Present

- Revise things found in a home and the part of the house where they are found (*kitchen - plates, spoons ...; sitting room – sofas/chairs, television, tables ... ;bed room – beds, blankets ...*)
- Using a chart with different types of things found in a home, discuss the use of each thing (*Spoons – for eating, pots – for cooking...*)
- Ask learners to mention other things found in a home and their use.
- Demonstrate a conversation on uses of things found in a home.

Teacher: “*What do we use for cooking?*”

Learner: “*We use a (pot, cooking stick...) for cooking*”

b) Step 2: Practice

- Conduct a whole class choral repetition of “*We use*”
- Pair learners to practice the dialogue (one to start, one to finish)

Learner 1: “*We use a chair*”

Learner 2: “*for sitting*”

Learner 2: “*We use soap*”

Learner 1: “*for bathing*”

- Rotate pairs to ensure everyone practices with different partners and does both starting and finishing.

c) Step 3: Produce

- Ask learners to stand in two lines.
- The learner at the front of line 1 will start the sentence (*We use...*)
- The learner at the front of line 2 will complete the sentence (*for*)

Example: Line 1: “*We use cups...*”

Line 2: “*for drinking*”

d) Step 4: Closure

- Ask learners to mention the use of things found in a home. (*Spoons for eating, pots for cooking, bed for sleeping...*)

e) Suggested Teaching and Learning materials:

- Chart of things found in a home and where they are found.

f) Expected standards:

- Appropriate language to talk about things found at home accordingly.

Assessment Activities

Ask learners to mention the use of things found at home.

Summary

- Review the use of things found in a home.

Sub-Topic:

1.1.10 Things found at school

Introduction

This sub-topic focuses on equipping learners with the ability to use appropriate language to talk about things found at school. Learners will explore and practice different structures used to talk about things found at school. Understanding and applying proper structure to talk about things found at school is an essential communication skill that fosters respect, builds relationships, and promotes social harmony.

Specific Competences

1.1.10.1 Use of appropriate language to talk about things found at school

Learning Activities:

Activity 1: Naming things found at school (*desks, chairs, tables, pencils, books, chalkboard....*)

Break the activity into three sub activities

Activity 1a: Things found in a classroom.

Activity 1b: Uses of things found in a classroom.

Activity 1c: Keeping the classroom clean.

Activity 1a: Things found in a classroom

PROCEDURE

a) Step 1: Present

- Ask learners to identify things found in the classroom.
- Tell learners to point and say the names of things found in the classroom.
- Demonstrate how to ask and respond correctly. For example

Teacher: *“What is this?”*

Learner: *“This is a chair, table, desk”...*

b) Step 2: Practice

- Conduct a whole-class choral repetition of “What is this?.”
- In pairs practice having a conversation asking and responding about things found in the classroom.

Learner 1: *“What is this?”*

Learner 2: *“This is a pencil”*

Learner 2: *“What is this?”*

Learner 1: *“This is chalk”*

- Rotate pairs to ensure everyone practices with different partners and both have a turn at asking and responding.

c) Step 3: Produce

- Put learners in small groups. Ask learners to role-play a scenario where someone is asking what things are that are found in the classroom. (example: Someone is holding an rubber and they ask ‘*what is this?*’ Someone from the group will respond ‘*this is a rubber.*’)
- Ask each group to perform their dialogue in front of the class.
- Provide feedback

d) Step 4: Closure

- Ask the learners to stand.
- Point at something in the classroom and ask “What is this?”
- Choose a learner to respond. After a learner gives a correct response he/she can sit.
- Continue until everyone has given a correct answer.

e) Suggested teaching and learning aids

- *Things found in the classroom (desks, tables, chairs, board, pencil...).*

f) Expected Standard:

- Appropriate language to talk about things found at school used correctly.

Assessment Activities

Ask learners to mention the things found in the classroom

Summary

- Review the things found at school.

Activity 1b: Uses of things found in a classroom.

PROCEDURE

a) Step 1: Present

- Ask learners to mention things found in the classroom.
- Display a chart showing different things found in the classroom or real objects such as desks, books, pencils, crayons...
- Discuss the use of things on the chart.
- Demonstrate how to ask and respond correctly using the pictures on the chart. For example

Teacher: “*What do we use pencils for?*”

Learner: “*we use pencils for writing.*”

b) Step 2: Practice

- Conduct a whole class choral repetition of “*We use*”
- Pair learners to practice the dialogue (one to start, one to finish)

Learner 1: “*We use a desk*”

Learner 2: “*for sitting*”

Learner 2: “*We use books*”

Learner 1: “*for writing*”

- Rotate pairs to ensure everyone practices with different partners and does both starting and finishing.

c) Step 3: Produce

- Ask learners to stand in two lines.
- The learner at the front of line 1 will start the sentence (We use...)
- The learner at the front of line 2 will complete the sentence (for)

Example: Line 1: “*We use crayon...*”

Line 2: “*for coloring*”.

d) Step 4: Closure

- Randomly pick learners to point at any item on the chart.
- Ask the learner to mention the name and use of the pointed item on the chart.

e) Suggested teaching and Learning

- *Pencils, desks, chairs, crayon, rulers, pointer,*

f) Expected Standard:

- Appropriate language to talk about things found at school used correctly.

Assessment Activities

Ask learners to mention the uses of things found in the classroom.

Summary

- Review the uses of things found in the classroom.

Activity 1c: Keeping the classroom clean.

PROCEDURE

a) Step 1: Present

- Display a chart showing how we keep our classroom clean.
- Tell learners to say what is happening in the picture.
- Discuss how to keep the classroom clean with learners (sweeping, moping, dusting, shinning, throwing liter in the bin...)
- Demonstrate how to ask and respond correctly. For example

Teacher: how do we keep the classroom clean?

Learner: We should sweep the classroom.

b) Step 2: Practice

- Conduct a whole-class choral repetition of “we should... the classroom?”
- In pairs practice having a conversation asking and responding on how to keep the classroom clean.

Learner 1: *“how do we keep the classroom clean?”*

Learner 2: *“We should sweep every day”.*

Learner 2: *“How do we keep the classroom clean?”*

Learner 1: *“We should not throw litter on the floor”.*

- Rotate pairs to ensure everyone practices with different partners and both take turns in asking and responding.

c) Step 3: Produce

- Put learners in small groups. Ask learners to role-play a scenario on how to keep the classroom clean.
- Ask each group to perform their play in front of the class.
- Provide feedback

d) Step 4: Closure

- Randomly pick learners to state at least one ways of keeping the classroom clean.

e) Suggested teaching and Learning

- *Chart showing how to keep the classroom clean.*

f) Expected Standard:

- Appropriate language to talk about things found at school used correctly.

Assessment Activities

Ask learners to mention ways of keeping the classroom clean.

Summary

- Review ways of keeping the classroom clean.

Sub-Topic:

1.1.10 Things found at school

Introduction

This sub-topic focuses on equipping learners with the ability to use appropriate language to talk
Page 28 of 56

about things found at school. Learners will explore and practice terms used to talk about things found at school. Understanding and applying proper structure to talk about things found at school is an essential communication skill that fosters respect, builds relationships, and promotes social harmony.

Specific Competence(s) - Learners to:

1.1.10.1 Use of appropriate language to talk about things found at school

Learning Activities:

Activity 2: Naming things found at school (*playground, library, field, classroom, garden, office, flag pole, bathrooms....*)

Break the activity into three sub activities

Activity **2a:** Things found at school.

Activity **2b:** Uses of things found at school.

Activity **2c:** Things found in school

Activity 2a: Things found at school.

PROCEDURE.

a) Step 1: Present

- Introduce the phrase ‘things found at school’
- Explain and give examples of ‘things found at school’. (*playground, library, field, classroom, garden, office, flag pole, bathrooms....*)
- Display a chart showing things found at school. *For example: playground, field,*
- Demonstrate how to ask and respond correctly. *For example:*

Teacher: “*What is this?*”

Learner: “*This is a playground.*”

b) Step 2: Practice

- Conduct a whole-class choral repetition of “*This is a* ”
- In pairs practice having a conversation asking, “*what is this?*” and responding.

Learner 1: “*What is this?*”

Learner 2: “*This is a library*”

Learner 2: “*What is this?*”

Learner 1: “*This is a classroom*”

- Rotate pairs to ensure everyone practices with different partners while stating the different things found at school and take turns to ask and respond.

c) Step 3: Produce

- Put learners in small groups.
- Ask some learners to present their dialogue to the class.
- Provide feedback

d) Step 4: Closure

- Randomly pick learners to mention at least one thing found at school.

e) Suggested teaching and Learning

- Chart showing things found at school.

f) Expected Standard:

- Appropriate language to talk about things found at school used correctly.

	Assessment Activities
Ask learners to mention things found at school.	

Summary

- Review things found at school

Activity 2b: Uses of things found at school.

PROCEDURE.

a) Step 1: Present

- Revise the things found at school.
- Display a chart showing things found at school. For example playgrounds, swings, taps, flag, library, playparks, flowers, trees, bins.
- Explain the use of things found at school.
- Demonstrate how to ask and respond correctly. For example

Learner 1: “What do we use a library for?”

Learner 2: “*We use a library for keeping books.*”

b) Step 2: Practice

- Conduct a whole-class choral repetition of “*We use..... for.....?*”
- Tell learners in pairs or small groups to use take turns talking about things found at school.

Learner 1: “*What do we use bins for?*”

Learner 2: “*We use the bin for throwing litter.*”

- Rotate pairs to ensure everyone practices with different partners both taking turns to ask and respond.

c) Step 3: Produce

- Put learners in small groups.
- Learners role-play a scenario where they are using things found at school. For example:

Group 1: Pretend to be using the swing set. One member of the group will say “*We use the swing for playing*”

Group 2: Pretend to be reading in the library. One member from the group will say “*We use the library for reading*”

- Provide feedback

d) Step 4: Closure

- Randomly pick on learners to mention the use of one thing found at school.

e) Suggested teaching and Learning

- Chart showing things found at school.

f) Expected Standard:

- Appropriate language to talk about things found at school used correctly.

Assessment Activities

Ask learners to mention the use of things found at school.

Summary

- Review the uses of things found at school.

Sub-Topic:

1.1.10. Things found at school

Introduction

This sub-topic focuses on equipping learners with values on how to keep their learning environment clean, share the things they like doing with others and explore activities they can engage in to play with others. Learners will explore and practice appropriate language to talk about various activities that happen at school. This will help learners develop essential communication skills that foster hygiene, respect, builds relationships, and promotes social harmony.

Specific Competence -

1.1.10.1 Use appropriate language to talk about things found at school.

Learning Activities:

Activity 1a: Keeping the school clean.

Activity 1b: What do you like doing?

Activity 1c: Let us play.

Activity 1a: Keeping the school clean

PROCEDURE

a) Step 1: Present

- Recap on the things found at school
- Prepare the school surrounding to be in a mess with dirt/rubbish and leaves/litters.
- Tell the learners: “Look at our school. What is wrong?”
- Let the learners pick the dirt and put the space in order.
- Explain the importance of keeping the school clean
- Display a conversation poster showing things done to keep the school clean (slashing, mopping, scrubbing, watering, picking litter, sweeping, raking)
- Demonstrate the conversation on how to keep the school clean

Teacher: “*What is Mulenga doing?*”

Learner: “*He/Mulenga is slashing.*”

Learner 1: “*What is Mutinta doing?*”

Learner 2: “*She/Mutinta is sweeping*”

b) Step 2: Practice

- Conduct a whole-class choral repetition of things done to keep the school clean.
“What is he/she doing?”
- In pairs practice the conversation in a dialogue format: (Teachers will guide using the poster or picture cards).

Learner 1: “Bupe, What is Taonga doing?”

Learner 2: “She/Taonga is mopping.”

- Rotate pairs to ensure everyone practices with different partners and both take turns at asking and responding.

c) Step 3: Produce

- Put learners into small groups. Ask learners to role-play scenarios where they are doing different activities to keep the school clean. For example: picking up litter.
- Ask each group to perform their activities in front of the class.
- Teacher will ask the other students “What are they doing?” The learners will respond with “They are picking up litter...”
- Provide feedback

d) Step 4: Closure

- Ask learners to sing a song about keeping the school clean. (*This is the way we slash the grass, slash the grass, slash the grass...*)

e) **Suggested Teaching and Learning Materials:** *Conversation Posters and/or picture cards illustrating different activities that help to keep the school clean.*

f) Expected Standard:

- Appropriate language to talk about things found at school used accordingly

 Assessment Activities
Ask learners to talk about what we do to keep the school clean.

Summary

- Review some of the things we do to keep the school clean.

Activity 1b: What do you like doing?

PROCEDURE

a) Step 1: Present

- Recap on keeping the school clean
- Ask learners to mention what they like doing at school

- Display a conversation poster showing different activities done at school: (reading, writing, playing, singing, drawing, eating...)
- Demonstrate the conversation about what learners like doing at school. For example:

Teacher: *“Mulenga, what do you like doing?”*

Learner: *“I like reading and writing”*

Learner 1: *“What do you like doing John?”*

Learner 2: *“I like singing and drawing.”*

b) Step 2: Practice

- Conduct a whole-class choral repetition of *‘What do you like doing?’*
- Pair learners to practice *‘What do you like doing?’* in a dialogue format:

Learner 1: *What do you like doing Twaambo?*

Learner 2: *I like eating and playing.*

- Rotate pairs to ensure everyone practices with different partners and they take turns both asking and responding.

c) Step 3: Produce

- Put learners in small groups. Ask learners to role-play a scenario where they are doing activities they like.
- Ask each group to perform their activity in front of the class.
- Provide feedback

d) Step 4: Closure

- Ask learners to stand.
- Instruct learners to sit down when the teacher mentions the activity that they like.
- For example: Teacher: *“Sit down if you like singing...”* (Learners who like singing will sit down)
- Continue until there is only one or a few learners remaining.

e) Suggested Teaching and Learning Materials: *Conversation Posters illustrating different activities learners like doing at school.*

f) Expected Standard:

- Appropriate language to talk about things found at school used accordingly

Assessment Activities

Ask learners to mention things that they like doing at school.

Summary

- Review some of the things learners like doing at school (*reading, writing, playing, singing, drawing, eating*)

Activity 1c: Let us play.

PROCEDURE

a) Step 1: Present

- Recap on the phrase ‘What do you like doing?’
- Ask learners to mention games they like playing.
- Display a conversation poster showing different games
- Introduce the words: hop, jump, skip, kick, march, catch, run
- Demonstrate the conversation on games learners like playing. For example:

Teacher: “*Chanda, what games do you like?*”

Learner: “*I like to hop and jump*”

Learner 1: “*What games do you like Grace?*”

Learner 2: “*I like to skip and run*”

b) Step 2: Practice

- Conduct a whole-class choral repetition ‘What games do you like?’
- Pair learners to practice the ‘What games do you like?’ in a dialogue format:

Learner 1: “*What games do like, Chinyama?*”

Learner 2: “*I like to kick and catch.*”

- Rotate pairs to ensure everyone practices with different partners and both take turns asking and responding.

c) Step 3: Produce

- Put learners in small groups. Ask learners to play the games they like in their groups. (*Preferably take the learners outside*)
- Ask each group to perform their activity in front of the class. The group will say “*We like to ...*”
- Provide feedback

d) Step 4: Closure

- Instruct the learners to stand and as a whole class play the game ‘*Simon says*’ using the new vocabulary (kick, hop, jump, march, catch...) “*Simon says hop, Simons says skip*”

e) Suggested Teaching and Learning Materials: *Conversation Posters illustrating different games learners can play.*

f) Expected Standard:

- Appropriate language to talk about things found at school used accordingly

 Assessment Activities
Ask learner to mention games they like playing at school.

Summary

- Review the games learners like playing at school (*hop, jump, skip, kick, march, catch, run*)

Sub-Topic:

1.1.11. Domestic Animals

Introduction

This sub-topic focuses on equipping learners with knowledge about domestic animals. Domestic animals are important as they contribute to food security, economic benefits and environmental sustainability. Learners will be exposed to different types of domestic animals and their uses. Learners will also explore and practice appropriate language to describe domestic animals. This will enable learners to develop values on how to manage domestic animals effectively, understand their needs and ensure a harmonious relationship between humans and animals.

Specific Competence(s) - Learners to:

1.1.11.1 Use appropriate language to describe domestic animals

Learning Activities:

- Activity 1a: Identifying domestic animals.
- Activity 1b: Describing domestic animals.
- Activity 1c: Uses of domestic animals

Activity 1a: Identifying domestic animals

PROCEDURE

a) Step 1: Present

- Recap on ‘Let us play’
- Ask learners to mention animals they keep at home
- Introduce the phrase ‘domestic animals’ as animals we keep at home
- Display a conversation poster showing different types of domestic animals: (pig, dog, cat, cow, goat, hen, duck, pigeon, guinea fowl)
- Demonstrate the conversation about domestic animals. For example:

Teacher: “*Is this a dog Chabota?*”

Learner: “*Yes, it is/No, it is not*”

Learner 1: “*Mary, is this a chicken?*”

Learner 2: “*No, it is not*”

b) Step 2: Practice

- Conduct a whole-class choral repetition on “No, it is not. Yes, it is”
- Pair learners to practice ‘identifying domestic animals’ in a dialogue format:

Learner 1: “*Is this a goat?*”

Learner 2: “*Yes, it is*”

Learner 2: “*Is this a cat Peter?*”

Learner 1: “*No it is not*”

- Rotate pairs to ensure everyone practices with different partners and take turns both asking and responding.

c) Step 3: Produce

- Put learners in small groups.
- Ask learners to practice identifying domestic animals
- Ask each group to present their dialogue in front of the class.

d) Step 4: Closure

Play a game – the teacher or a learner makes the sound of a domestic animal. The rest of the class will chorus the name of the animal based on the sound.

- **e) Suggested Teaching and Learning Materials:** *Conversation Posters illustrating different types of domestic animals.*

f) Expected Standard:

- Appropriate language to describe domestic animals used correctly

Assessment Activities

Ask learners to identify the different domestic animals.

Summary

- Review the names domestic animals using the chart (cow, cat, dog, chicken, pig, goat, pigeon, guinea fowl, duck)

Activity 1b: Describing domestic animals

PROCEDURE

a) Step 1: Present

- Recap on the names of the different domestic animals.
- Identify the sounds that different domestic make.
- Display a conversation poster showing different domestic animals.
- Ask the learners to say the colour or size of the different animals on the chart.
- Demonstrate the conversation describing domestic animals by colour and size.
Example:

Teacher: *“What colour is the cow?”*

Learner: *‘The cow is brown’*

Teacher: *“Is the cat big?”*

Learner: *“Yes, it is”*

b) Step 2: Practice

- Conduct a whole-class choral repetition describing domestic animals by colour and size. (What colour is?) (Is the big/small?)
- Pair learners to practice ‘describing domestic animals’ in a dialogue format:

Learner 1: *“What colour is the chicken?”*

Learner 2: *“The chicken is black and red.”*

Learner 2: *“Is the chicken big?”*

Learner 1: *“No, it is not.”*

- Rotate pairs to ensure everyone practices with different partners and both have a turn asking and responding.

c) Step 3: Produce

- Put learners in small groups
- Ask learners to practice describing domestic animals.
- Ask each group to present their dialogue in front of the class.

d) Step 4: Closure

- Ask learners to sing a song describing domestic animals (Old McDonald had a farm... e-i-e-i-o)

e) Suggested Teaching and Learning Materials: *Conversation Posters illustrating description of domestic animals.*

f) Expected Standard:

- Appropriate language to describe domestic animals used correctly

Assessment Activities

Ask learners to describe the size and colour of different domestic animals.

Summary

- Review different domestic animals by describing their colour and size.

Activity 1c: Uses of domestic animals

PROCEDURE

a) Step 1: Present

- Recap on ‘describing domestic animals’
- Ask learners to explain the uses of animals they keep at home
- Display a conversation poster showing domestic animals:

- Explain the different uses for domestic animals (food - goat, transport - cow, labour - cow, security - dogs...)
- Demonstrate the conversation on the uses of domestic animals.

Teacher: *“What is a chicken used for?”*

Learner: *“It is used for food.”*

Learner 1: *“What is a cow used for?”*

Learner 2: *“It is used for transport/food”*

b) Step 2: Practice

- Conduct a whole-class choral repetition on the uses of domestic animals *“What is a used for? It is used for”*
- Pair learners to practice the uses domestic animals in a dialogue format:

Learner 1: *What is a dog used for?*

Learner 2: *“It is used for security.”*

- Rotate pairs to ensure everyone practices with different partners and take turns both asking and responding.

c) Step 3: Produce

- Put learners in small groups.
- Ask learners to practice the conversation about the uses of domestic animals.
- Ask each group to present their dialogue in front of the class.

d) Step 4: Closure

- Ask learners to sing a song ‘Old McDonald had a farm (e-i-e-i-o)’

e) Suggested Teaching and Learning Materials: *Conversation Posters illustrating the uses of domestic animals.*

f) Expected Standard:

- Appropriate language to describe domestic animals used correctly

Assessment Activities

Ask learners to mention the uses of domestic animals.

Summary

- Review the uses of domestic animals (food - goat, transport - cow, labour - cow, security – dogs)

Sub-topic:

1.1.11 Domestic animals

Introduction

This sub-topic focuses on equipping learners with the ability to explore domestic animals and the things we get from them. Learners will use simple language to talk about domestic animals. Understanding and exploring how domestic animals help in giving us food.

Specific Competence

1.1.11.1 Use language to talk about domestic animals.

Learning Activities

Activity 2: Talking about domestic animals

Break the activity into three sub activities

Activity 2a: Food we get from animals

Activity 2b: Homes of domestic animals

Activity 2c: Taking care of domestic animals

Activity 2a: Food we get from domestic animals.

PROCEDURE

a) Step 1: Present

- Review the uses of domestic animals.
- Explain that we get food from different domestic animals.
- Mention the food we get from animals (Meat, milk, eggs, sausage, butter, yogurt, cheese, oil)
- Ask learners to mention other foods we get from animals.
- Demonstrate talking about food we get from domestic animals.

Teacher: *“What food do we get from cows?”*

Learner 1: *“We get milk from cows.”*

Learner 2: *“We get beef from cows.”*

b) Step 2: Practice

- Practice a whole class talking about food we get from animals. *“We get from”*

- In pairs learners talk about food we get from domestic animals.

Learner 1: *“What food do we get from chicken?”*

Learner 2: *“We get eggs from chicken.”*

Learner 2: *“What food do we get from goats?”*

Learner 1: *“We get meat from goats.”*

- Rotate pairs to ensure everyone practices with different partners and take turns both asking and responding.

c) Step 3: Produce

- Learners look at pictures showing food we get from domestic animals.
- Learners identify the foods in the picture.
- Present the dialogue they have practiced: “We get meat from a chicken”
- Provide feedback

d) Step 4: Closure

- Ask learners to sing a song on food we get from domestic animals. (I like to eat, eat, eat ...)

e) Suggested Teaching and Learning Materials: Chart showing foods we get from domestic animals, Chart showing domestic animals.

f) Expected Standard:

- Appropriate language to describe domestic animals used correctly

Assessment Activities

Ask learners to mention the foods we get from domestic animals.

Summary:

- Review foods we get from domestic animals.

Activity 2b: Talking about homes for domestic animals

PROCEDURE

a) Step 1: Present

- Arranged around the classroom. Put four desks in the middle and stick pictures showing different homes of four domestic animals.
- Tell learners to identify which domestic animal live in each of the homes.
- Explain why domestic animals need homes.
- Talk about homes for domestic animals. For example: Dog house, goat house, barn, shed, cage, pond.
- Demonstrate talking about homes for domestic animals.

Teacher: “*What is the home for a dog?*”

Learner: “*It is a doghouse.*”

Teacher: “*What is the home for cow?*”

Learner: “*It is a barn.*”

b) Step 2: Practice

- Practice talking about homes for domestic animals.
- Pair learners to talk about the homes for domestic animals

Learner 1: “*What is the home for fish?*”

Learner 2: “*It is a pond*”

- Rotate pairs to ensure everyone practices with different partners and take turns both asking and responding.

c) Step 3: Produce

- Put learners in small groups. Ask learners to talk about homes for domestic animals.
- Learners look at pictures showing homes for domestic animals and present the dialogue “*It is a goathouse*”
- Provide feedback

d) Step 4: Closure

- Play a game where learners have to role-play different domestic animals. A small group of learners will pretend to be an animal and they will locate their home (picture) and go there.

e) Suggested Teaching and Learning Materials: Pictures of different homes for domestic animals.

f) Expected Standard:

- Appropriate language to describe domestic animals used correctly

Assessment Activities

Ask learners to mention the homes of different domestic animals.

Summary

- Review the different homes for domestic animals.

Activity 2c: Taking care of domestic animals

PROCEDURE

a) Step 1: Present

- Introduce the word ‘care’
- Explain that ‘care’ is being kind and helping others.
- For example: When you feed domestic animals, you are taking care of them.
- Demonstrate talking about taking care of domestic animals. For example:

Teacher: *“How do we care for domestic animals?”*

Learner 1: *“We should give them food.”*

Learner 2: *“We should give them water.”*

b) Step 2: Practice

- Practice a conversation about taking care of domestic animals.
- Pair learners to practice the conversation

Learner 1: *“How do we care for domestic animals?”*

Learner 2: *“We should give them a home”.*

Learner 2: *“How do we care for domestic animals?”*

Learner 1: *“We should give them medicine.”*

- Rotate pairs to ensure everyone practices with different partners and take turns both asking and responding.

c) Step 3: Produce

- Put learners in small groups. Give them some picture flashcards showing a way of taking care of domestic animals.
- Tell learners to pick and say the way of taking care of domestic animals shown in the picture flash card.
- Allow learners to share dialogue on the picture flash cards picked.

d) Step 4: Closure

- Ask learners to sing a song on taking care of domestic animals. (This is the way we feed the dog, feed the dog, feed the dog; this is the way we feed the dog...)

e) Suggested Teaching and Learning Materials: Picture flashcard.

f) Expected Standard

- Appropriate language to describe domestic animals used correctly.

Assessment Activities

Ask learners to mention ways of caring for domestic animals.

Summary

- Review ways of taking care of domestic animals.

Sub-topic:

1.1.12 At the Market

Introduction

This sub-topic focuses on equipping learners with the ability to use appropriate language for buying and selling at the market. Learners will explore items and people found at the market. Learners will practice using language used to buy and sell at the market.

Specific Competence(s) - Learners to:

1.1.12.1 Use appropriate language for buying and selling.

Learning Activities:

Activity 1a: Identify items found at the market

Activity 1b: Identify people found at the market

Activity 1c: Buying and selling at the market

Activity 1a: Identify items found at the market

PROCEDURE

a) Step 1: Present

- Introduce the word 'market'. Explain that a market is a place where people buy and sell things.
- Display a chart showing some items found at the market
- Tell learners to identify items from the chart (salt, chicken, soap, rice, maize, oil, vegetables, tomatoes, onions, fish, fruits, clothes, shoes.....)
- Ask learners to mention more items found at the market.
- Demonstrate having a conversation about items found at the market.

Teacher: *"What is this?"*

Learner: *"This is a tomato."*

Learner: *"This is a fruit."*

b) Step 2: Practice

- Pair learners to practice naming items found at the market.

Learner 1: *"What is this?"*

Learner 2: *"This is sugar"*

Learner 2: *"What is this?"*

Learner 1: *"This is fish"*

- Rotate pairs to ensure everyone practices with different partners and both take turns asking and responding.

c) Step 3: Produce

- Put learners into small groups.
- Create a market stand using desks and picture cards or items found at the market.
- Ask learners to ‘visit the stand’ and ask “What is this?” The other learner can respond with the answer. “*This is an onion.*”

d) Step 4: Closure

- Ask the learners to identify the items found at the market.

e) Suggested Teaching and Learning Materials: Picture cards/or items for the market stand. Chart showing items found at the market.

f) Expected Standard:

- Appropriate language for buying and selling used accordingly.

Assessment Activities

Ask the learners to identify the items at a market

Summary

- Review the items found at the market.

Activity 1b: Identify people found at the market.

PROCEDURE

a) Step 1: Present

- Revise the items found at the market.
- Ask the learners to mention people found at the market (buyers, sellers, venders, porters, guards...)
- Ask learners to mention more people found at the market
- Explain what we mean by buyers and sellers.
- Display a chart showing people buying and selling.
- Tell learners to identify people on the chart, who is buying and who is selling.
- Demonstrate the conversation on who is buying and selling at the market.

Teacher: *Who is this?*

Learner: “*This is a seller.*”

b) Step 2: Practice

- Pair learners to practice naming people found at the market from the chart.

Learner 1: *“Who is this?”*

Learner 2: *“This is a buyer.”*

- Rotate pairs to ensure everyone practices with different partners and take turns both asking and responding.

c) Step 3: Produce

- Ask some learners to present their dialogue to the class.
- Provide feedback.

d) Step 4: Closure

- Ask learners to mention the people found at the market.

e) Suggested Teaching and Learning Materials: Charts showing people buying and selling at the market.

f) Expected Standard:

- Appropriate language for buying and selling used accordingly.

Assessment Activities

Ask learners to mention the people found at the market.

Summary

- Review the people found at the market.

Activity 1c: Buying and selling

PROCEDURE

a) Step 1: Present

- Review the phrases ‘buying and selling’.
- Explain to the learners that buying is giving the seller money for the item and selling is getting money from the buyer for the item.
- Display a chart showing items and their prices.
- Demonstrate the conversation used for buying and selling.

Teacher: *“What is this?”*

Learner: *“This is oil.”*

Teacher: *“How much is oil?”*

Learner: *“This is K40.”*

b) Step 2: Practice

- Pair learners to practice buying and selling.

Learner 1: *“What is this?”*
 Learner 2: *“This is a banana”*
 Learner 1: *“How much is a banana?”*
 Learner 2: *“It is K5”*
 Learner 1: *“May I have one?”*
 Learner 2: *“Yes, you can”*

- Rotate pairs to ensure everyone practices with different partners and both have a turn at buying and selling.

c) Step 3: Produce

- Create a market stand using desks and picture cards or items found at the market.
- Ask learners to ‘visit the stand’ and present the dialogue for buying and selling.

Learner 1: *“What is this?”*
 Learner 2: *“This is mealie meal.”*
 Learner 1: *“How much is it?”*
 Learner 2: *“It is K100.”*
 Learner 1: *“May I have one?”*
 Learner 2: *“Yes, you can”*

- Provide feedback.

d) Step 4: Closure

- Ask learners to mention the language used when buying and selling.

e) Suggested Teaching and Learning Materials: Charts showing items and prices. Items for the market stall.

f) Expected Standard:

- Appropriate language for buying and selling used accordingly.

Assessment Activities

Ask learners to mention the language used to buy and sell at the market.

Summary

- Review the language used when buying and selling at the market.

Sub-topic:

1.1.13 Community practices

Introduction

This sub-topic focuses on equipping learners with the ability to use appropriate language to talk about community practices. Learners will identify and explore good community practices. Understanding and taking part in community practices builds unity, promotes respect and a sense of responsibility to self, family and community.

Specific Competence:

1.1.13.1 Use appropriate language to talk about community practices

Learning Activities:

Activity 1a: Good community practices

Activity 1b: How we live together in harmony

Activity 1c: Keeping our community clean

Activity 1a: Good community practices

PROCEDURE

a) Step 1: Present

- Introduce the phrases ‘community and practices’
- Explain that community practices is when people work together to help everyone.
- Use a poster or chart showing people working together (sweeping, sharing, planting trees)
- Ask learners to mention good community practices including others not on the chart.
- Demonstrate the conversation used to talk about good community practices.

Teacher: *“What are they doing?”*

Learner 1: *“They are sweeping”*

b) Step 2: Practice

- Put learners in small groups or pairs to practice conversations about good community practices.

Learner 1: *“What are they doing?”*

Learner 2: *“They are planting trees”*

Learner 2: *“What are they doing?”*

Learner 1: *“They are sharing food.”*

- Supervise the groups to ensure everyone practices and both take turns at asking and responding.

c) Step 3: Produce

- Ask some groups to present their dialogue in front of the class.
- Provide feedback

d) Step 4: Closure

- Ask learners to mention good community practices

e) Suggested Teaching and Learning Materials: Poster or chart showing good community practices.

f) Expected Standard:

- Appropriate language to talk about community practices used accordingly.

Assessment Activities

Ask learners to mention some good community practices.

Summary

- Review some good community practices.

Activity 1b: How we live together in harmony

PROCEDURE

a) Step 1: Present

- Introduce the word ‘harmony’
- Explain that harmony is when people work together to make something better.
- Describe how we live together in harmony
- Explain that we work together in harmony by sharing work fairly, supporting each other in chores, appreciating each other, respecting each other and tolerating each other.
- Display a poster of showing people living in harmony (kind, sharing, caring, honest).
- Explain each picture and how the action relates to the idea of living in harmony (for example, if a person is giving another person food, this shows they are sharing).
- Demonstrates talking about how we live together in harmony using words like (kind, fair, honest, caring)

Teacher: What is he/she doing?

Learner: He/she is being caring.

b) Step 2: Practice

- Put learners in pairs or small groups to practice conversations about how we live together in harmony

Learner 1: “What is he/she doing?”

Learner 2: “He/she is sharing.”

Learner 1: “What is he/she doing?”

Learner 2: “He/she is helping.”

- Rotate pairs to ensure everyone practices with different partners and both take turns at asking and responding.

c) Step 3: Produce

- Put learners into small groups and they can come up with a role-play demonstrating an example of people living together in harmony. (A group showing honesty, a group showing kindness...)
- Have each group present to the class
- Provide feedback

d) Step 4: Closure

- Ask learners to mention words we use to describe how we live together in harmony.

e) Suggested Teaching and Learning Materials: Chart showing how people live together in harmony

f) Expected Standard:

- Appropriate language to talk about community practices used accordingly.

Assessment Activities

Ask learners to mention how people live together in harmony.

Summary:

- Review the language used to talk about how we live together in harmony.

Activity 1c: Keeping our Community Clean

PROCEDURE

a) Step 1: Present

- Revise the word ‘community’
- Explain that a community is a group of people who live, work and help each other.
- Ask learners to mention how they keep the community clean.
- Demonstrate the conversation on how to keep the community clean.

Teacher: “How do we keep the community clean?”

Learner: “By slashing”

b) Step 2: Practice

- Pair learners to talk about keeping our community clean.

Learner 1: “How do we keep our community clean?”

Learner 2: “By putting litter in the bin”

- Rotate pairs to ensure everyone practices with different partners and both take turns at asking and responding.

c) Step 3: Produce

- Put learners into small groups and go to the school ground.

- Ask each group to demonstrate one way they can keep the community clean. (picking rubbish, slashing, sweeping, weeding)

d) Step 4: Closure

- Ask learners to mention ways that we keep our community clean

e) Suggested Teaching and Learning Materials: The school ground and items for cleaning (brooms)

f) Expected Standard:

- Appropriate language to talk about community practices used accordingly.

Assessment Activities

Ask learners to mention ways of keeping the community clean.

Summary

- Review ways that learners can keep the community clean.

SAMPLE LESSON PLAN

Class: Grade 1 B

Date: 12/ 05/ 2025

Subject: Oral English

Time: 07:00-07:30

Topic: 1.1 Conversations

Duration: 30 Minutes

Sub-Topic: 1.1.9 Things found at home.

Number of learners: Boys: 23

Structure of the day: “where is the...”

Girls: 25

General Competences: Effective communication, collaboration, creativity and innovation, as well as critical thinking.

Specific Competences: 1.1.9.1 Use appropriate language to talk about things found at home

Lesson Goal: To conduct a conversation on things found in a home.

Rationale: In this lesson, learners will learn about things found at home using the structure “where is the...?”. Knowledge about this will enable learners to use appropriate language to talk about things found at home accordingly. This will be done through demonstrations, question and answer and choral repetitions. This is the third lesson in a series of three planned lessons under things found at home.

Prior Knowledge: learners already have knowledge about conversations in English.
