- ...
-
-

LEARNING ENVIRONMENT & TLM:

The classroom surrounding, classroom play areas like market corner, storytelling corner, visual arts corner

PROGRESSION OF THE LESSON

A. Arrival of learners

- Teacher emphasizes and does the activities that constitute the arrival of learners.
- Teacher refers to some of the matters that relate to what will arise in the lesson e.g.,
 - i. wash your hands before entering the classroom, why are we doing that?
 - To remove dirt
 - ii. He/ she is washing his/ her hands, what is he / she doing

- *alesamba* then slowly *a – le – sa– mba* (he/ she is washing)
- iii. Lukwesa kindly pick up that paper (teacher should monitor how Lukwesa picks the paper and where he/she takes it and what she/ he does after that; washing hands)

B. Morning routine

- In a circle seated on a mat
- Teachers does the activities of morning routine whilst referring to the matters intended for teaching and learning in the lesson e.g.,
 - i. during registration the teachers mentions certain names by stressing the syllables
 - ii. if some symbols on the cards for learners' names have something to do with hygiene, the teacher emphasizes the symbols.
- Apply the concept of emphasizing the syllables in most words when dealing with all the areas of morning routine; establishing the date, checking the weather
- Mention what the play areas (corners) will be like for the day.

C. Teacher – led whole class activity

1. Talking about family experiences

- Teacher asks the learners about a shopping experience
- Teacher tabulates points of reference when talking about the experience; *when, with whom, why (purpose), where, what was bought, the feeling*
- Who is going to tell us about the time they went shopping?
- Learners are guided to take turns to talk about their family experiences on a shopping day.
 - a) When the learner narrates, the teacher chips in to ensure the learner does not miss the salient part of *when, with whom, why (purpose), where, what was bought, the feeling*
 - b) Three to four learners are enough for the learners to pick the flow of the talk and what should be said.
- Teacher ensures that there is flow of explanations from activity 1 above to activity 2 below

2. Identifying syllables in simple oral words

- Teacher asks the learners to mention anything bought/ seen/ liked/ during the family experience of shopping (*switi, yembe, motoka, kokakola*)
- Teacher demonstrates how to state the syllables in the words naming the things bought/ seen/ liked/ during the family experience of shopping (*switi, yembe, motoka, kokakola* e.g., *swi-ti/ ye-mbe, kokakola/*)
- Engage the learners to identify the syllables in each word e.g. in the word *switi* the syllables are *swi* and *ti*

3. Tracing simple shapes

- Teacher asks the learners about the shapes of the things
 - i. That were bought when shopping (balls, bread, ...)
 - ii. They saw on the day of shopping (cars, buildings, books ...)
 - iii. They ate (bans, samosas, ...)
- Teacher displays cards that are in various shapes, asks the learners what they saw during the shopping that is in that shape
- Learners state the things that they feel are in the same shape as the cards
 - i. Rectangle; bus, bread, house,
 - ii. Rectangle; samosa, roof of house,
 - iii. Circle; ball, apple,
- Teacher puts the card on board/ paper/ floor and trace around the card.
- Teacher removes the card to expose the shape on the board/ paper/floor
- Teacher engages one or two learners to do the same.
- Teacher ensures that there is flow of explanations from activity 1 and 2 above to activity 3 below

4. Care for the environment

- Teacher asks the learners to state the places that are part of their home environment (places around us; *amashina yancende ishisangwa umo twikala*)
 - i. Rooms in the house
 - ii. The toilets and bath places

- v. Display their works around the classroom
- Learners help each other to do the activity successfully.
- One learner holds the paper/ board to stop it from shaking/ moving while the other traces
- Home play area (corner)
 - Provide the home play area in a messed-up state
 - i. Soil/ dust all over
 - ii. Spilled things like mealie meal
 - iii. Scattered and wrongly placed utensils

E. Break/ snack time

- Prayer/ washing hands/ sharing with others/ eating ...

F. Learning through play

Relay around the shape (outdoor).

- Put the learners in groups
- Each group pick a shape from the shapes traced during the first session of the lesson of this day; circle, triangle, rectangle.
- Each group of learners divides itself into smaller groups of the number of points that make the shape e.g., the triangle group can be 3 smaller groups, rectangle group can be in 4 smaller groups while the circle group can be as many as possible for as long as they form a circle.

- The starting point can have various materials that can be considered as litter (plastic bags, plastic bottles, paper, containers for food, cans) and need to be disposed of.
- Learners one point near the bunch of litter pick one piece and assign one person to take it to the next point around the shape and relay it.
- The group that receives it, pick a person to relay to the next group until the last group picks a person who will take the picked litter to the designated place.
- Rotation takes place; the last group together with one who relayed the litter move to the first, while the first move to the second and so on.
- When each smaller group has had chance to pick the litter, relay the litter and dispose of the litter, the game is over and the whole group celebrates.

G. Brief evaluation

- Back to the sharing space in class
- Teacher engages the learners in
 - i. Discussing how interesting or uninteresting the lesson of the day was
 - ii. Discussing the most important take away they have made in the lesson for the day.
 - iii. Discussing how they will use what they have learned in school, at home, at church, along the road etc.

H. Free play

- Teacher learners the learners that they will engage into free play after picking any litter lying about, around the classroom and dispose it of correctly.
- Teacher provides any available equipment (balls, skipping ropes, ropes, hoops ...) to reinforce the free play.

ASSESSMENT:

Ability of the learners to

- ◆ talking about the experience (shopping); *when, with whom, why (purpose), where, what was bought, the feeling*

- ◆ Identify syllables in given oral words (*yembe; ye – mbe, motoka; mo – to – ka ...*)
- ◆ trace various shapes (*circular, triangular, rectangular*)
- ◆ keep the environment clean (*arranging things, cleaning, disposing of litter ...*)

LESSON EVALUATION

- 1) Examine the fairing of the learners in line with:
 - a) the tasks that form the activity?
 - b) The activity itself?
- 2) How does the work for the day point to the realisation of the specific competences from the learning areas in the lesson?
- 3) Did the methodology help? If yes, how? If not, why? What would be the way forward?
- 4) Show the effect of the Teaching & Learning Materials in the execution of the tasks within the activity or the competence.
- 5) Would you say the lesson was a success or not? If yes how? If not why? What should be the way forward.
