COMPARE AND CONTRAST WORK IN RURAL AREAS WITH WORK IN URBAN AREAS

WORK IN RURAL AREAS	WORK IN URBAN AREAS
■ Work in rural areas is at the mercy of the weather	■ Work in urban areas is not at the mercy of the weather
■ In rural areas your benefits will depend on the sale of your produce	■ In urban areas you get paid even when you are on leave
■ In rural areas one's work can be boring and unsatisfying	■ Work in urban areas whether you work or not, you still get your salary
■ In rural areas majority of people are self employed	■ Majority of people in urban areas they work for someone else

■ In rural areas work is more rewarding	■ In urban areas work is a challenge

WORK IN A HUMANIST SOCIETY

The revolution programme to implement the philosophy of human demands that one works relentlessly to rid this world of the evil:

- **Capitalism** –an economic system in which is country's businesses and industries are controlled and run for profit by private owners rather than the government
- **Imperialism**- a system in which one country controls other countries after defeating them.
- **Facism**- political system or attitude which is in favour of strong central government and which does not allow any opposition.
- **Racism**- the unfair treatment of people who belong to a different race.
- **Colonialism**- the practice by which a powerful country controls another country or other countries.

On the other hand poverty, hunger, ignorance, disease, crime and exploitation of man by man. These are some of the demands of the philosophy of Zambian Humanism which have to become reality if we are to reach a just society.

- We must remember that the secret of a successful life is hard work.
- Work makes a better human being.
- It builds the character
- It enhances human dignity and personal worth through the principles of Humanism, work therefore must wage an all-out war on :-

- Indiscipline
- Lethargy
- Lack of knowledge

- Laziness
- Lack of initiative

These are enemies of success. They are enemies of Humanism too.

TRADITIONAL ATTITUDE ABOUT WORK FOUND IN ZAMBIA

- Everybody was a worker.
- A man decided when to work and when not to work.
- Most work was communal.
- Work was divided according to age, sex and rank.
- Work was related to basic needs of life.
- Generally women worked harder than men.

WORK IN MODERN SOCIETY

- Work is not divided according to age, sex or rank.
- Today work is done according to qualifications and experience as well as trading regardless sex, age or rank.
- Work is not related to the basic needs of life.
- Work is not communal.
- No communism, today people tend to care most for their work than for the community.
- Today men take work that is meaningless
- Not everybody is a worker.
- Generally men work harder than women.
- Today training is offered.
- Today there is exploitation of prices of commodities.
- Today time is set to do work e.g from 08:00hrs to 16:00hrs from Monday to Friday.

- A second development is that it began to more important for them to attend services in the Church than to work with their hands.
- Monks and Nuns had nine (9) services of prayer and services everyday.
- In the western Church, it became a custom to have Mass (Eucharistic celebration, Holy Communion, Lord's Supper) everyday and for many of the times the Monks to be Priest and could celebrate Holy Mass.

TRADITIONAL ZAMBIAN LEISURE ACTIVITIES REFLECTS LIFE

- Hymn is the expression of the life- force within us.
- It is symbolic both of the relationship with other people and all created things.

- Ritual dances are celebrated the important events of life.
- They are a religious meaning
- They are in the nature of prayer.
- Ritual dances remained unchanged.

TRADITIONAL AND PRESENT DAY ACTIVITIES

In the past most of the leisure activities were carried out without any need of money. People used to relax and entertain themselves during their leisure moments at no cost at all such activities like

- Decorate the house
- Listen to or tell traditional stories
- Carve a piece of wood
- Participate in traditional dancing
- Take a walk
- Plait hair
- Talk with friends etc.

AT PRESENT MOST OF THE LEISURE ACTIVITIES REQUIRE MONEY AND INSTRUMENTS

- Many youths or school pupils do not like to spend their holidays in villages as they say “it is boring” there is nothing to do there.
- These activities involve the use of modern inventions without which the activities could not take place.
- For instance, you cannot go to disco without sound instruments.
- Go to film show without a film.
- Travel in a car without a car.

YET, MODERN LEISURE ACTIVITIES ARE VERY MUCH ENJOYED.

Our attitude towards leisure time activities therefore, is quite different than in the past. We know that change is inevitable and that we cannot put aside modern ways. It is an indisputable fact that we need money today for many activities.

CHURCH HISTORY

- The Church teaches that the earth is ours to be used and enjoyed.
- From the beginning of the Old Testament when God revealed himself to man, the Israelites believed God gave them creation to enjoy.
- Things of the earth were used to maximum
- They loved to celebrate their feast with prayer, songs, and dances, eating and drinking.
- In the gospel of **ST. JOHN** we see Jesus attending a wedding and even providing wine for the (feast) ceremony.
- It is a sign that Jesus well understood that the fruits of this earth are used and enjoyed by man.

BIBLICAL ATTITUDE TOWARDS LEISURE

- One purpose of Leisure to enjoy life to its fullest.
- If we believe that the body is evil and we are to punish it because it is the source of our sinfulness, then we shall not allow ourselves to enjoy the fruits of creation to any great extent. The above is the biblical attitude.

PAGAN ATTITUDES TOWARDS LEISURE

- In the early Church, there was a group of Greek pagans called stoics
- They believed that you must not give the body any pleasure because it will weaken the will (spirit) and make man unable to emphasis the higher value of courage mental alertness and determination.
- No smiles, no tasty food, no jokes, no dancing etc.
- Some early converts to Christianity came from such cultural background and could not easily disassociate themselves from rich ideas.
- They believed the body was evil and was the vehicle of sin.
- As a result they could not indulge in any pleasure
- Some Christians today follow this pagan view, while other Christians follow these two opposite views.

RENUNCIATION IN THE EARLY CHURCH

- The word **Renunciation** comes from the verb **renounce**.
- It means to give up something, to say no to it.
- If we are too taken up with material concerns we can easily forget God.
- It is not that we should but put aside the joys of creation and live a life of sadness and deprivation.
- But we should realize that our exaggerating materials comforts and pleasures can lead us to lose their spiritual values that we should hold dearly.
-

WRONG CONCEPT OF RENOUNCIATION

- Some Christians in the early Church took up an incorrect notion of renunciation that the body was evil and was to be punished.
- They believed in two principles **light (good)** and **darkness (evil)**.
- The soul belonged to light and the body to darkness.
- They said believers must renounce meat, wine and marriage.
- Work was considered important than the rest.
- They believed that suffering and poverty in them was good.
- They thought that they pleased God when they give up material comfort and pleasure.
- They believed that the means are the end to enter eternity forgetting that the means are always a vehicle to reach an end.
- They never celebrated; they concentrated more on bad things than on good.

CORRECT CONCEPT OF RENOUNCIATION

- In the early Church some other Christians realized that if Church if they concentrate too much on material things and pleasure could easily forget God.
- They got closer to God by renouncing fancy clothes and food and lived a simple life.
- They decided not to get married or to own property.
- They believed and knew all these to be good as they are part of God's creation.
- But they gave them up to be more free to pray and serve God better.
- To them it was useless to give away something good if you did not replace with something better.

- They believed that to please God, one had to replace material comforts and pleasures with prayers and works of mercy and service. Examples of these people are the **Monks and Hermits**.

CHRISTIANS ATTITUDES TOWARDS TRADITIONAL LEISURE TIME ACTIVITIES

- Some of the early missionaries had attitudes that were influenced more by pagan view of recreation and the wrong understanding of it.
- Some missionaries were against traditional activities because they thought that the body was being given too much importance over the spirit.
- Some Churches condemned dancing, storytelling and beer drinking as sinful.
- Today the Church appreciates traditional forms leisure time activities.
- It is the forefront to preserve those forms e. g **Moto Moto Museum in Northern Province**.
- Missionaries came to learn that traditional leisure activities were valuable and have to continue and to be encouraged.
- Though they condemned abuse of beer drinking (drunkenness)
- In the past beer party was there and often still is an important way of **passing time** and **building relationships**.
- Many people **co-operate** in providing for and fixed customs were observed.
- Life is hard to live at times so why not enjoy every moment you can?
- Today, however, money equalizes all people and is the only requirement for having a beer.
- The beer now days is not related to any social activities as necessarily related to one's social group, but usually has become a means of forgetting and especially problems.
- Sometimes it destroys the relations instead of contributing to community building.

MIDDLE AGES

THE CHURCH IN ZAMBIA AND LEISURE TIME ACTIVITIES FOR THE YOUTH

- The Church in Zambia know that the young people in Zambia have got amount of energy to spend and are capable of doing great things for themselves and for society.
- This energy can be misused and misdirected if youths are not helped adequately and evil and harm can be done to society by youths.
- A well known proverb says that “**An idle mind is the devils’ work shop**”.
- This can be done to the young people if not helped.
- There is much leisure time left for the youths who go to secondary schools and those who are out of the school with no employment.
- The Churches in Zambia are very much involved in creating constructive leisure activities for youths.
- Many Church youth organisations such as groups, movements, clubs have set up to teach young men and women:-
 - Discipline themselves
 - Be active Christians
 - Involve themselves solving society problems
 - Charitable works
 - Drilling and matching
 - Bible study
 - Games and debates
- Most of the youth groups help to try to have teenagers channel their energies in the right direction.
- They have a variation of what they see, judge and act approach.
- There is a stress on commitment to Christ and service to society.
- Young peoples’ groups include:-
 - Boys Brigade (BB)
 - Girls Brigade (GB),
 - Young Christian Student (YCS)
 - Young Fransicans
 - Xaverian ,
- Many reforms movements developed during the middle age.

- St. Francis of Assis stressed the goodness of all created things and called people back to Christian joy.
- Part of the reform movements started making Churches as beautiful as possible for the Glory of God.
- Churches were richly decorated with carvings in wood and stone.
- These decorations often showed great enjoyment of plants and animal life.
- The widows told scripture..... on commemorated saints.
- Hence, part of the Monks time was always set aside for recreation but some ended of misbehaving and had to be corrected for spending too much time on hunting and other sport.

AFTER THE REFOMATION

- Protestant reforms insisted on the point that Christians should follow the command of Christ which is to be Holy.
- They thought that Christians should life strict lives having nothing to do with any amusement.
- Though not forbidden for people who were dedicated to God's service.
- Catholic reforms also called Christians to a much higher standard of Christian living. Religious orders were formed and new ones founded with strict obedience to the rule of life.
- In each congregation obedience was highly demanded.
- Missionaries who came to Africa believed that Christians should not take any strong drink at all, any amusement like dancing, acting plays were unwise for Christians.
- Limitations ceremonies were widely condemned.
- All in all African cultures were considered paganism.
- But Churches today help in creating means of leisure activities
- Certain cultural activities are being encouraged.
- They were working hard to adopt African culture into the pattern of Christianity and there is more emphasis among christens on the human joys which Jesus call people to share.

- There is great encouragement on inculturation **i. e mixing good culture in Christianity.**

LEISURE IN THE OLD TESTAMENT

- The Hebrew people of the Old Testament were very well balanced people.
- It is that they were generally hard workers but they were also realised the need to balance their lives with time of rest and enjoyment.
- The Sabbath was for them such a time.
- They also celebrated many religious feasts the object which was twofold: **to rest and to praise God for a particular reason**
- For them genuine peace and relaxation during leisure moments came only when trust in God was present in them.

HEBREW RELIGIOUS FESTIVALS

Special feasts were celebrated at important times in the agricultural calendar

1. FEASTS OF UNLEAVENED BREAD

- At the beginning of the barley harvest this feast was held.
- It commemorated the exodus of the Hebrew people from Egypt to the Promised Land.
- The barley sheaf was offered.
- It was also connected to the “**Angel of Death**’ passing over the homes of Hebrews.
- Sparing them from death and bringing it to the first born male of every Egyptian household.
- It became in Israelites tradition the most important feast for commemorating exodus
- They ate unleavened bread.

1. FEAST OF WEEKS

- This took place at the time of harvest
- Seven weeks after the barley harvest
- A barley sheaf was offered
- It marks the official ending of harvest
- Animals were sacrificed.

2. FEAST OF TABERNACLES

- It was also a harvest festival
- Rough bushes shelters were made to remind them of their ancestors march from Egypt to Canaan.
- The shelters were also useful in the fields at harvest time.
- They gave protection to those guarding the ripe crops.
- The feast of Tabernacles was held in the seventh month of their calendar.
- Sacrifices were offered and people made pilgrimage to Jerusalem.

- Can any of you live a bit longer by worrying about it?
- And why worry about clothes?
- Look how the wild flowers grow.
- They do not work or make clothes for themselves.
- But I tell you that not even King Solomon with all his wealth had clothes as beautiful as one of these flowers.
- It is God who clothes the wild grass – grass that is here today and gone tomorrow.
- Won't he be all the more sure to clothe you?
- How little faith you have.

- So do not start worrying, where will my food come from or drink or my clothes?
- Your father in heaven knows that you need all these things.
- Instead, be concerned above everything else with the kingdom of God and with what he requires of you.

MAJOR THEME: ORDER AND FREEDOM IN SOCIETY

SUB THEME: JUSTICE IN SOCIETY

DEFINITION OF TERMS

1. **ORDER:** Other words for order: Arrange, organize, correct, right, peace, neatness, Careful, control, proper, co-operate, loyal, just, good, well etc
2. **FREEDOM:** Independence, right, duty, privilege, chance, peace, happiness, joy, Want, unlimited, general, not biased, power etc

Initially freedom goes with order. Though there is freedom in the society yet there are rules and laws to maintain order. In every society or group of people there are rules and regulations which

the members are expected to observe, so that they can achieve their goals. People need order in their lives as well as justice and laws to help them enjoy freedom.

It is often easier to give examples of injustices than to try to give examples of justice.

- Justice is a work of fair treatment.
- Right and correct way of acting and behaving.

PRESENT SITUATION

- In present situation, justice means respect for the mutual rights of every individual.
- It is a situation where man is treated fairly as the one who has the right to live.
- Develop fully and his human dignity preserved both by self and the society.

PERSONAL EXPERIENCES OF INJUSTICE

- At one time or the other, we have all been treated unjustly sometimes due to our own fault and sometimes because we are young.
- We are a different tribes, we are not in authority or because we are in authority.
- In schools pupils or students are unjustly treated by teachers or those in lower grades by those in upper grades.
- In homes, some children are treated unjustly by parents especially the orphans. A story of Paul in the text book for grade ten.

INJUSTICE WITHIN SOCIAL SYSTEM

- Sometimes justice is over looked socially and society as a whole determines that a certain practice is justified where as in actual fact it is an unjust practice.
- Some acts have been passed by law and been authorised by the government though they are not just e.g abortion in some countries have been permitted and clinics of hospitals have been set up for this.
- In the present situation the following acts are considered justified while they are forms of injustices.

1. **Bribery:** The offer of money or gift to bring about some usually illegal or dishonest benefit to the giver.

2. **Blackmail:** It is a threat to expose discreditable information about someone to obtain money of favour from him.
 3. **Abortion:** Procuring a premature birth in order to destroy the baby, thus denying the child's right to life.
 4. **Nepotism:** Showing unfair favour to relatives in allocating jobs, promotions, loans etc
 5. **Tribalism:** Showing unfair favour to members of one's tribe in allocating jobs, promotions, loans etc.
 6. **Absenteeism:** Being away from work either very frequently or without good reasons.
 7. **Violence:** The unjust use of physical force which can result in injury, murder, rape or war.
 8. **Incompetence:** Lacking the ability to do the job at hand. This results in errors that are expensive and damaging.
 9. **Indoctrination:** A form of teaching which strives to close people's minds against the possibility of critical thought.
- Injustices can be found in all phases of life.
 - We can see it in secondary schools e.g the tradition of harassing first year students
 - In a family where a father mistreats his wife and children or in a family where a mother mistreats her husband and children.
 - However, everyone must do something to get rid of injustice because justice is always people's need to leave and develop fully.

Injustice is usually described as the breaking down of good relationship among people.

THE DIFFICULTY OF DECIDING HOW TO ACT JUSTLY

- In human life we are bound to make up decisions.
- Sometimes it is very easy to make decisions.
- We are confronted with issues very difficult to decide.
- Some decisions can be taken to be made unjustly.

- There are times when each reason for only choice is worth and adequate but you are only given one choice.
- Here it is very difficult to decide justly thus one has to look for priorities and goals of the decision. Example on page 103-105 pupils **CRE** text book grade ten (**old one**).

THE SEARCH FOR JUSTICE

- The search for justice demands an informed vision. If we are to become sincere in the search to bring justice into our society. We must try to put personal feelings and opinions and then work at arriving at an “informed vision” of what life should be like.
 - This means to have all the necessary information, details, and truth about a certain subject or problem (i.e informed).
 - Vision is that which is in the future what should be but may not be at the present,
 - The following are the three steps to have an informed vision:-
- 1. We must try to understand and know how things are.**
 - 2. We must consider how they could be.**
 - 3. We must do something to make things better**

He used non-violent **Satyagraha** to fight injustice.

- He is described as chief who never began war but only fights when attacked.
- He said that, peace is like the rain which refreshes the friends green but war is like the wind that withers them.

A HUMANIST MUST WORK TOWARDS JUSTICE

As a humanist, Dr. Kenneth Kaunda the former president of Zambia stated that, a humanist must strive to create conditions, not only in one state but also throughout the world in which violence will cease to be the order of the day. Self violation of one's spiritual and moral being

- Physical violence by the state against an individual and vice-versa.
- Physical violence between two states against another group of states.
- He continued to say that all should strive to bring about a state of affairs in which there is no violence like division of race, colour, creed, tribe, religion and self poverty, hunger, ignorance, crime, disease and exploitation of man, war, competing ideologies, over-large populations, pollution and run-down finite resources.
- He summed up by quoting Jesus teaching, "They will be done as it is in heaven" for the will of God to be done on earth.
- Human beings must learn to love their neighbours as they love themselves.
- And learn to do to others as they would love others to do to them.

AFRICAN TRADITION

TRADITIONAL IDEAS ABOUT JUSTICE

- Today in Zambia, there seems to be a growing emphasis on the individuals at the expensive of the good of the community.
- In traditional society, the good of the community was far more important than any one individual.

- Community needs and harmony were closely linked with justice.
- Dr. Kaunda in his statement, the tribal community was a ‘ **Mutual society**’
- It was organized to satisfy the basic human needs of all its members and therefore, individualism was discouraged which shows how important maintaining community satisfying needs and creating harmony were more important in traditional society.
- It justice was to be preserved, most recourses such as land, animals (cattle) were communally owned and administered by chiefs and village headmen for the benefit of everyone. The hungry stranger would eat in the garden a banana, maize or cassava without a penalty.

FOUR IMPORTANT IDEAS ABOUT JUSTICE IN ZAMBIAN

- Justice is not concerned mostly with revenge or punishment.
- Reconciliation (restoration of judicial processes not punishment).
- Compensation (paying back).
- Harmony (living at peace with others in society)

TRADITIONAL BELIEFS AND PRACTICES THAT MIGHT BE CONSIDERED UNJUST

- There are four types of injustices which existed and at times still exist in Zambian traditional society.
- Harsh treatment of the insane and crippled
- Mistrust of member of a different tribe than ours.
- Being jealous of someone who prospers materially.
- Witch- hunting (belief in witchcraft and mistreating of wizards)

CHURCH HISTORY

SLAVERY IN THE EARLY CHURCH

- The Church contributed to justice through the abolishment of slavery.
- The Church soon started discouraging the institution of slavery.

- Within the Church, there was no difference between the slave and freemen all were equal in Christ.
- Christians were encouraged to free their slaves.
- Several free slaves became dedicated Christians some even became Bishops and priests,
- One became pope in the third century- **CALLISTUS**
- In Church, marriages between slaves were just valid as those of freemen although in Roman laws the slaves had no rights in marriage.
- However, there was a time when the Church was becoming rich and powerful through the gifts from those who owned slaves and death lift money and properly to the Church.
- The Bishop and the clergy in these Churches did not want to change the position; as they also benefited from the money given to the Church.
- To question slavery is to question that which made it position for the rich to live comfortably.
- Protest about slavery was therefore, discouraged.

THE AFRICAN SLAVE TRADE

- In the fifteenth century, Portuguese made their way along the coast of Africa to India.
- They found gold in Africa and started to trade with the slaves.
- The slaves were taken to Brazil and elsewhere in America to work on the farms and plantations
- The slaves suffered as they went in slave ships to cross the Atlantic Ocean and many died on the way.
- For centuries before these African slaves had been taken, North across the Sahara and sold to the Arabs on the slave markets of North Africa.
- Some Christians especially priests, involved themselves in helping the slaves and tried to talk to slave owners and tried to talk to slave owners to stop this type of injustice.
- The greatest friend the slaves in America was:- **St. Peter Claver** a Spanish priest who spent his whole life trying to help slave.
- Giving them food, medicine and teaching them Christian faith through interpreter catechists.

- He visited the mines and plantations where they worked.
- Though he met oppositions, he never gave up. (He worked for 40 years)
- He arranged care for the sick and used to pray with them.

INJUSTICES FOUND IN AFRICAN SLAVE TRADE

- Depopulations many were killed.
- Hunger and starvation: people did not have enough food.
- Destruction to property and food were destroyed, e.g crops, houses etc.
- Introduction of a new disease: slave traders brought in a new disease such as syphilis.
- Loss of identity, people captured as slaves were separated from relatives and friends.
- Insecurity; people lived in constant fear of Slave Traders.
- Collapse of kingdoms; some Kingdoms were attacked and ceased.

ZAMBIAN CHRISTIANS WHO TRIED TO REMOVE INJUSTICE

- When we think of injustice in Zambia on a national scale.
- We naturally first of colonial rule and the humiliation our people had to go through before gaining independence.
- We think of all those who suffered on our behalf.
- The birth of the congress in 1948 was a land mark in our political development.
- In 1951 it became known as Northern Rhodesia Africa National Congress (A. N.C) its president was Harry Nkumbula.
- Years later the imposition of federation on the people, Donald Siwale had his words to say about the so called Partnership mentioned in the preamble of the federal constitution.
- “Then they thought of partnership. That was their teaching. But then something strange happened. We heard that Africans were the junior partners, we said, look here, you did not bring money here, but you found it in our soil, we should be the first partners”.
- In October, 1958, Zambia National Congress was formed but quickly banned and many leaders were put in jail.
- Shortly after UNIP was formed.
- In 1960, Kaunda was released from jail as he was put there for his the injustices of colonial rule and Federation.

- He worked tirelessly making people aware of their rights and to drum up opposition to the plain of Federation.
- In March 1963, Nkumbula burned the British white paper of Federation and called for **two days of National Prayer**.
- Throughout political struggle, the leaders of A.N.C and UNIP felt back on Christian principles to defend their opposition. At times the Church was not zealous for independence as were the Christian leaders of different political parties that existed at that time.
- They were convinced that freedom and justice for their people were worth fighting for because of the teachings of their Christian on social justice.
- It was that same faith that gave leaders like Kenneth Kaunda, Harry Nkumbula and Kapwepwe the strength and courage to continue the fight for independence which was finally achieved on 24th October, 1964.

- But I now I tell you, if a man divorce his wife, for any cause other than her infidelity, and then he is guilty of making her commit adultery if she marries again and the man who marries her commit adultery too.
- You have heard people were told in the past do not break the promise but do what you vowed to the Lord to do.
- But now I tell you, do not use vow when you make a promise. Not swear by heaven for is God's throne.
- Nor by the earth for it is a resting place of his feet, nor by Jerusalem for it is the city of the great king
- Do not swear by your head because you cannot make a single hair white or black.
- Just say no or yes- anything else you say comes from evil one.
- You have heard that it was said, an eye for an eye and a tooth for a tooth.
- But now I tell you, do not take revenge on someone who wronged you. If anyone slaps you on your left cheek let him slap you on the right cheek too.
- If anyone takes you to court to sue you for a shirt, let him take a coat too.
- If anyone of the occupation troops force you to carry his pack one kilometer carry it for two kilometers.

KEY WORK: THE TREATMENT OF PEOPLE ACCORDING TO OUTWARD APPEARANCE IN AN INJUSTICE

JAMES: 2:1-19

- My brothers and sisters as believers in our Lord Jesus Christ, the Lord of Glory: you must never treat people in different ways according to their outward appearance
- Suppose a rich man wears a gold ring and fine clothes come to your meeting and a poor man in rugged clothes comes.

- If you show more respect to the well dressed man and says have the best seat here.
- But say to a poor man, stand over there, or sit here on the floor by my feet.
- Then you are guilty of creating distinctions amongst yourselves making judgment based on outward.
- Listen my dear brother, the poor of this world will be rich and posses the kingdom which has been prepared for those he love.
- But you dishonor the poor who are those ones you oppress and dragged before the judge.
- The rich are the one who speak evil of that good name given to you.
- You will be doing well if you obey the kingdom which is found in the scripture of love your neighbour as you love yourself.
- But if you treat people according to the out word appearance, you are quilt of sin and the law considers you as a law breaker.
- Whoever breaks the commandment is guilty of breaking the all.
- For the same one who says, do not commit adultery also says commit murder.
- Speak and act as people who will be judged by the law that sets free.
- For God will not show mercy when he judges a person who has not been merciful, but mercy triumph over judgment.
- My brothers, want good is it for someone to say faith if his actions do not prove it?
- Suppose there are brothers and sisters and do not have enough to eat.
- What good is there in your saying to them God bless you keep warm and eat as well, if you dot give the necessities of life.
- So it is with faith, it is alone and include no action then it is dead.
- But someone will say, one person has faith and the other has actions, tell me how anyone can have faith without actions, I will show you my faith by action.
- Do not believe that there is one God. Good demands believe and tremble with fear.

SUB THEME 2: SERVICE IN SOCIETY

SERVICE IN SOCIETY

- To serve means to work, help, support, care, love, assist, control, rule, facilitate, sacrifice, lead, animate etc.
- This comes to authority; those in authority are in service.

PRESENT SITUATION

AUTHORITY AND FREEDOM

- The word authority comes from a Latin word “**Angere**” which means to increase or to **enrich**.
- Authority refers to a person who acts as a sponsor or promoter and deserves respect.
- Authority is concerned with the use of power in community.
- We need good order which requires planning or organisation.
- Authority is necessary in any society to help people live co-operatively.
- In modern society co-operation is based on **consensus** i.e the people should agree to the decision and accept it willingly.
- Leaders are given power and authority by the people.
- Therefore, they are to serve the needs of the people and secure them from disaster. They are to see that decisions take are implemented.
- In traditional Zambian society, chiefs tended to be Authoritarian. i.e nobody was allowed to question their decisions
- They only ordered and commanded and people were to follow without question.

- However, nowadays in a situation of organisational change, much more fundamental levels of political ideas.
- Leaders frequently consult the people to consensus about the policies that are best for the common good.
- This is called **pluralistic** continuous debates are allowed and there are numbers of alternatives and shifting opportunities and possibilities.
- In other ways we call this type of authority as political which **Leopold Sengnon** called to be the **Art**, the art of governing.
- This is so because the method used is of constant correction through trial and error.
- This enables a greater number to lead a life more completely happy because it is more in conformity with human conditions.
- There are different types of political types of political authority:-
 - Democracy
 - Multiparty
 - One party
 - Authoritarian
 - Monarchy
 - Dictatorship..... politics are referred to be an active humanism

- Be courageous but not a dictator.
- Be able to make each person in a group to feel important and accepted, feel free and to contribute and get a fair hearing.

- Ability to build trust and openness in the group.
- Be able to facilitate and be a mediator.
- However, leadership or authority demands a lot, therefore, a leader has to be ready to sacrifice and accept suffering.
- Sometimes he/ she is accused falsely and not all his ideas and suggestions.
- Leaders need to undergo a training so as to have vision to see beyond the common ideas and feelings of the followers.

WHAT DO WE LOOK FOR IN A LEADER

THE PURPOSE OF RULES IN SCHOOLS

FOR MOSLEMS THERE ARE THREE MAIN SOURCE OF AUTHORITY

1. **ALLAH:** The God, creator of all, the all powerful.
 2. **Mohammad:** the greatest and last prophet for Muslims.
 3. **Quran:** The holy book or the scripture to the Muslims.
- Moslems believe in God (Allah)
 - They believe that God spoke to Abraham and Moses and that Mohammad is the last and greatest of all the prophets who brought them enlightenments from God's messenger the Angel Gabriel in the form of saying or revelations which have been written in the **Quran** or Islamic Bible.
 - They believe that there is a direct line from Abraham to Mohammad through Ishmael, the half brother of Isaac, the son of Abraham.
 - Islam cannot be understood apart from the Quran the scripture of Islam.
 - It consists of 114 chapters which the Muslims believe were dedicated to Mohammed over 22 years.
 - These chapters consist of the sayings or advice of Mohammed, laws, religion, culture and politics in the Moslems world.

- Whatever the Quran says, is taken as authoritative and cannot be discussed.

BASIC DOCTRINES (TEACHINGS) OF THE QURAN

The Quran has four major themes.

- Allah is the all powerful one who created the world which people live in.
- Allah will do will his people as he wishes because he created them.
- People, therefore, must perform the tasks Allah has organized for them (five Pillars)
- The Day of Judgment will find reward or punishment in heaven and hell.

The FIVE PILLAR (the tasks for Moslem)

1. **Daily Prayer :** Five times praying facing Mecca
2. **The Pilgrimage:** To go to Mecca all least once the life time
3. **Month long fast:** during Ramadan there is no food from dawn-sunset.
4. **Faith in Allah:** And his chosen Prophet Mohammed.
5. **Alms giving:** Giving to the poor and needy. Every Moslem has to fulfill these tasks without.

If he/ she is found misbehaving a severe punishment is given, often death

AUTHORITY IN A HINDU SOCIETY

- Authority in the Hindu society comes naturally.
- Each and everyone had a role to play in society.
- Obedience and respect for elders is strictly observed and very essential.
- In the Hindu society, authority is strictly.
- Authority is carried out according to **Caste system and joint family.**

THE CASTE SYSTEM

- This began some 2000 years ago before Christ probably as a result of combination of invasion, ethnic and religious differences, healthy and fertility requirement. There are caste (class) as follows:-
 1. Intellectual and spiritual leaders.
 2. Administrator and politicians
 3. Manufacture (fixed and unchangeable factory owners and labourers
 4. Social outcasts or untouchables.
- So strong did the caste system became in India that marriage outside a particular caste or level was forbidden and moving from one class to another was impossible.
- Each caste has a leader who should be obeyed and respected by other members.
- One of the reasons the caste system can remain so important is not the external or the material, it is the internal union with God.
- They are more interested in the final end of man, and the reincarnation (born again) Moksha or Nirvana (The perfect union with God Brahman).

JOINT FAMILY

- This is more or less like extended family in Zambia.
- Usually the grandfather and grandmother are at the head of the family.
- In the joint family the eldest male member is the head.
- All working members send their earning and the head decides on how this money should be spent.
- He plans for the education of all members as well as marriage.
- Everyone should abide by the decision of the elder of the family and ask permission of what to do.
- The whole family may work together at the same occupation such as farming or weaving, or they may work at different jobs.
- All land and other property are owned jointly by the family.

AFRICAN TRADITION

- In African tradition the elders had authority.

- They were considered as people with experience which makes others to respect them greatly.
- Physically, people considered them to be near to the spirit world.
- These includes: witch doctors, divines authority in his own field, his decision to his field had to be accepted without questions.
- In some places where they had kings, chiefs or paramount chiefs they has been different levels of authority. **This is called hierarchy.**
- The influential members of the clan have often become great chiefs under the king. The king or chief is in authority by right of birth, some smaller chiefs by appointment.
- There are some who exercise religious authority.
- They are regarded as representatives of the community of the ancestors.
- Priests were chosen from the priestly clan by chiefs or kings.
- They offer gifts to the spirit to invoke them for assistance and guidance on behalf of people.
- Each chief has counselors for consultations however; authority in African tradition was to be serving the community.
- Parents and elders had different roles that they played.

There are ways by which a person/someone become a leader.

- 1. By divine right to be appointed by God**
- 2. By birth from the royal family.**
- 3. By election, people vote for the one they want to be in authority.**
- 4. By heroism-because of some achievement or intelligential forcefulness someone becomes a leader**

EXAMPLE OF TONGA CHIEFS

- There is no strong chieftaincy among the Tonga people.
- The chiefs are not related but each chief operates on his own without much interference from chief Monze, the paramount chief. Each chief is appointed by the clan to which he belongs.

- In each village, there is a headman who is elected by the elders and the members of the clan to which he belongs.
- He runs the day-to-day affairs of his village unless he comes across a case which he fails to solve that he refers the matter to the chief.
- Tonga chiefs see themselves as fathers of the tribe.
- They are the guardians of the customs of the people and are their protectors.
- They are also the spokesmen of their people.
- Any instructions relating to religious sacrifices ordered by the paramount chief and passed on by the minor chiefs who also see that these instructions are carried out as ordered.

- The emperor knew that unless the pagan could at least as well as the Christians in this respect, they could not hope to revive their old religion.
- In the late second century, Christianity spread in Roman cities.
- The Bishop and the clergy men were responsible for preaching and celebrating the Eucharist.

MAJOR THEME: LIFE

SUB THEME: HAPPINESS

What is happiness?

- Happiness is something one experiences from within an inner peace that comes from striving to achieve ones goals and being faithful to ones values.
- Happiness is something called contentment
- Happiness is a state of being satisfied

- Happiness sometimes seems to centre on the material or physical levels of human needs.
- Living humanly not only trust and peace but also material, cultural, moral and development.

PRESENT SITUATION

WHAT MAKES PEOPLE HAPPY?

All people look for happiness but few people are happy. At present some people are happy when they are:

- Dancing
- Singing
- Driving
- Wearing nice clothes
- Drinking beer
- Eating nice food
- Being popular
- Playing sports
- Being friends

KINDS OR LEVELS OF HAPPINESS

There are three levels of happiness and as human being we have various needs which must be satisfied if we are to be happy.

- 1. Material needs**
- 2. Approval needs**
- 3. Achievement needs**

- 1. MATERIAL OR PHYSICAL NEEDS:** These include food, shelter, rest, healthy etc.

2. **APPROVAL NEEDS:** Things like “ I want to be liked,” good relationship, care, love, support, marriage, to be accepted, recognized, noticed, praised etc.
3. **ACHIEVEMENT NEEDS:** I want to contribute to my country, to the world, successful qualification, involvement in sports, drama, my profession, education etc.

We want to feel that we are of some use to society.

LEVELS OF HUMAN DEVELOPMENT

- A full search for happiness must include a balance between material, cultural, moral and spiritual development.
 - To be happy or to attain happiness all levels of human development mentioned above have to be talked.
1. **Material (physical):** something to do with the body, the appearance; growth, food, health, security.
 2. **Cultural (Social):** Something to do with Knowledge, ability, study, passing on habits, style, fashion or work e.g education, customs, language.
 3. **Moral:** Something to do with behavioral attitude e.g freedom, honesty and responsibility.
 4. **Spiritual:** Something to do with life, with God. e.g Religion, commitment, worship, faith etc.

MARX AND RELIGION

- Though Marx was baptized and became a Christian he was never convinced of religion
- Marx's father was a Jew.
- Marx condemned religion he said it kept people immature, childish and unconscious of their misery.
- He also said religion freed people from the responsibility of changing the world in the way they lived.

- When Marx came to England he was struck by two things;
 - I. Terrible conditions of the workers.
 - II. Greed (selfish) and wealth of the factory owners were Christians yet Christianity in no way influenced their behaviour and the treatment of workers.
- Some Christian preachers too, instead of calling on the poor to organize and fight for better conditions.
- They preached about patience, acceptance of suffering and obedience as the way of winning the heavenly reward after death.
- Marx wanted good condition here and hence now and for him, material happiness was what counted most which would have brought about better conditions.
- He was somehow right to fight for better condition.
- Now days the Church contributing to the happiness of people.
- By building schools, hospitals, training centers like carpentry, tailoring, cookery etc.
- This helps to alleviate poverty and contributes happiness.
- It also talks about justice and peace in society.
- Marx also wrote : religion is the sign of the oppressed creature.
- The sentiment of a heartless world the soul of the soul-less condition
- The opium of the people.
- By this he was condemning the factory owners who were also Christians mistreating their workers.
- He felt religion to be a relief of those who were oppressed by the world which was merciless, without feelings of emotions, without love inactive.
- By “opium” he meant religion was somehow making people unconscious of their misery.
- Not asking why they are poor (not happy) not even using their talents and ability to develop grow and eradicate poverty.
- He was totally against such religion.

PLEASURE VS HAPPINESS

Pleasure is experienced when need is satisfied e.g

- A hungry man gets pleasure from eating a good meal.

- Satisfying our sexual needs also gives us pleasure.
- When a lonely boy is noticed and praised by an attractive girl, then his need for approval is satisfied and he is filled with pleasure.
- Pleasure is the satisfaction of needs but happiness is the sense of inner peace that comes from, using one's intelligence to set adequate goals in life.
- Sacrificing those that contradict one's deepest values.
- To seek pleasure for its own sake leads to tears but to gain happiness brings a pleasure beyond one's expectations.
- The way to happiness includes learning what is needed for myself and my society to develop fully.
- The deepest goal in life is union with God.
- Happiness demands choosing goals in life. Happiness is more a by-product than a goal.

HINDU HAPPINESS

- **Moksha**- liberation from the cycle of re-birth
- **Samsara**- the cycle of death and birth
- **Karma**- The quality of one's life-when a Hindu has attained Moksha he is free to join the great soul Brahman
- Not everyone attains Moksha at death, only those who have controlled the senses, mind and intellect.
- Those who have cast away all desires, fear and anger, that is those for whom Moksha is the highest goal.

There are four major paths which lead to Moksha or absolute freedom

- Path of knowledge (**Jnana Yoga**)
- Path of works (**Karma Yoga**)
- Path of union (**The Yoga**)
- Path of devotion (**Bhakti Yoga**)

1. **PATH OF KNOWLEDGE**- Study nature but know that the real world is the world of God and the inner self.
2. **PATH OF WORKS**- Set your heart on your works but never on its rewards. How poor are those who work for reward.
3. **PATH OF DEVOTION**- People who are unable to follow the path of knowledge and path of works rise to a heights of spiritual elevation.
 - They dedicate themselves to a god or goddess.
 - This one true God is called Braham.

THE YOGA (union)

- This is the most difficult of all. It demands an extreme form of discipline and self denial.
- He sits motionless for long period and has a teacher to guild him.
- He controls this body.
- He reaches a stage when he does not seek or desire anything but concentrates only on God.
- Therefore, the goal of Hindus happiness is to be united with the creator of all.
- He is the source of the self, the knower, the author of time.

MOSLEM HAPPINESS

- The greatest happiness for the Moslem is to go on pilgrimage to Mecca
- Take place in the 12th month of the Muslim Lunar calendar.
- Mecca is the religious centre of Islam.
- Hagar found water there.
- At Mecca all rank and status are ignored and everyone wears a long white garment as a sign of brotherly equality.
- At the heart of Mecca is **Kaaba** which contains the famous **Blackstone**.

HARMONY AND STATUS

- People in traditional society shared the same values and followed the same customs.
- They lived so closely together and had to unite to protect themselves against danger.
- Harmony was important.

- Harmony could be achieved only if:-
- They overcame greed and selfishness
- If they followed the custom for their tribe
- Showed respect for elders and those in authority.
- The needs of the group came before the need for the individual and a person was given to the well being of the group.
- It was the group that decided what an individual will do.
- Happiness meant achieving status in society.

HAPPINESS IN TRADITIONAL SOCIETY

AFRICAN SOCIETIES HAVE BELIEVED AND TAUGHT THEIR CHILDREN THAT HAPPINESS LIES IN

- Having many wives and disciplined children
- Having land that produced good harvests.
- Being in good relationships ancestral spirits.
- Being good warriors and victorious in tribal wars.
- Having children to remember one in old age and after one's death.
- Having respect for the elders.
- Pleasing the Supreme Being
- Being faithful to traditions
- Having a good influence in society.
- Sharing and practice and practicing hospitality
- Having good friendships
- Being able to protect oneself from harm done by spirit through witchcraft.

TO HEAL DISHARMONY IN SOCIETY

- Human beings lived in small units called clans (tribe)
- These gave security and protection within the clan, co-operation was stressed and individual initiative was discouraged.

Certain ideas were stressed and taught the youth and these were:

- The idea of caring for the unknown travelers.
- The idea of caring for the needy.
- The idea of caring for aged parent and children.
- The ideas of caring for the handicapped, infirm and orphans.

CAUSES OF DISHARMONY

- In the Jewish and Moslem traditions, division among people are said to be caused by man's refusal to submit to God and his will to human solidarity.
- Adam and Eve preferred to seek happiness through their own effect rather than accepting what God wanted and the story the tower of Babel gives the same lesson.
- The people wanted to do the things of their own way and their pride and sin resulted in division.
- To heal division between people both Jews and Moslems call for a new willingness to submit to God.
- Keep his commandments:
- To care for the poor, the widow and orphans.

HINDUS

- Hindus claim that the root of all human disharmony is human desire-greed
- So healing will come when we give desire and unite with Brahaman the source of all being.

CHURCH HISTORY

HAPPINESS THROUGH CHRISTIANITY

- In Christianity people found salvation and salvation and a new meaning of life.
- Salvation means that Jesus had reminded people of their dignity as children of God.

- To help them overcome their selfishness and, gave them the power to seek their happiness in serving others.
- Salvation means we are made whole in body and soul because of the death of Christ.
- Jesus was healing their diseases and feeding them.
- Jesus was offering them happiness after death.

EARLY CHRISTIANS

- The Gospel was first prepared to people who wanted happiness but who often failed to find it.
- In the big cities the majority of the people was poor and lived in crowded and unsanitary slums.
- The country people grew food for them but also were forced to provide food for the city dwellers.
- A man might lose half of what he grew or earned through having to pay heavy taxes.

CYPRIAN, BISHOP OF CARTHAGE

DESCRIBES HIS CONVERSION TO CHRISTIANITY AS FOLLOWS:-

- I was so entangled by many errors of my former life that I could believe it possible for me to escape from.
- But when I was baptized, and light from above poured into my heart and I had drunk of the spirit.
- Then straight away in a marvelous manner, doubts began to be resolved.
- Closed doors to open seemed, dark places to grow light.
- What before seemed difficult was now easy
- What I had thought impossible was now capable of accomplishment.

IGNATIUS OF ANTIOCH

- He was a Bishop, an ex-slave and was martyred at Rome in 115 A.D.
- Despite being cruelly treated by the soldiers on his way to Rome, he found time to write letters of encouragement to the Christians he met on the way.

- He wrote in one letter: Ignatius to the church at magnesia, greetings and good wishes.
- When I learned of your well ordered love, I was jubilant and decided to have a chat with you.....
- I pray for union in your midst, a union based on Jesus Christ, a union with Jesus and the father.
- Farewell- you who possess an unflinching spirit- which makes you want to be like Jesus Christ.

SUFFERING AND HAPPINESS

- One of the greatest glories of history is the way some Christians remained faithful to God.
- Live joyful fellowship with God ever in the mid of great suffering.

ST. MONICA FACING DEATH

- She was the mother of St. Augustine.
- Her husband was a pagan who treated her harshly but her patience and good examples, she converted him to Christianity.
- Augustine her son was not a Christians and led an evil life in his early years.
- He was ordained priest and later became Bishop of Hippo.
- When during, she said to Augustine, “Son for my part I no longer find joy in anything in this world..... one thing there was, for which I desired to remain still a little longer in this life that I should see you a Catholic Christian before I die.
- This God has granted me in super abundance.
- Only this I ask you that you remember me at the table be with these words she died.

THE UGANDAN MARTYRS

- In 1885 certain young Christians in Uganda were cruelly put to death because they refused to obey the king who wanted to perform evil acts.

- The executioners mocked them about their faith.
- “You believe you will rise from the dead.” Well I shall burn you and see if it is so.
- In the midst of their suffering, they continued to sing hymns praising God.
- Their courage and calmness amazed their executioners.
- Among those put to death: **Kizito, Charles Lwanga, Mukasa, John Mzee, Mawagali.**

TRADITIONAL WAY QUESTIONED

- The missionaries who came to Africa in the 19th century needed a great spirit of courage and renunciation
- Many died early because of m\ malaria and other diseases.
- Since they were people of self sacrifice they expected their converts to be the same.
- This gave the idea that Christianity was, more about self sacrifice and giving up things than about the love of God and his desire to bring happiness.
- The early missionaries had to help their converts to make a distinction between ways of expressing happiness that expressed Christian values and these that contradicted the teaching of Christ.
- Mistakes were made since the missionaries did not understand fully the culture of the people and the meaning of traditional rituals.
- Some missionaries had colonial attitudes and Africa did not trust them.
- Many missionaries at home had seen the evil of excessive alcohol which lead to violence, unhappy families, marital infidelity and poverty.
- To fight this, this alcohol was forbidden in many churches. E.g **Seventh day Adventist.**
- Others tried to educate people to use alcohol in a responsible and moderate ways.
- The missionaries brought their attitude towards alcohol with them to Africa and did not allow their converts to take part in beer parties or any ritual that used beer.

KEY WORDS: GIVE THE CONTENT OF A PASSAGE FROM 1 CORINTHIANS TO EXPLAIN THE EARLY CHURCH'S BELIEF CONCERNING THE RESURRECTION OF JESUS AND THE RESURRECTION OF ALL PEOPLE

1 CORINTHIANS 15: 1-28

- And now I want to remind you, my brothers, of the Good News which I preached to you, which you received, and on which your faith stands firm.
- That is the Gospel, the message that I preached to you. You are saved by the Gospel if you hold firmly to it- unless it was for nothing that you believed.

- I passed on to you what I received, which is of the greatest importance: that Christ died for our sins, as written in the scriptures.
- That he appeared to Peter and then to all twelve apostles.
- The he appeared to more than 500 of his followings at once, most of whom are still alive, although some have died.
- Then he appeared to James, and afterwards to all the twelve apostles
- Last of all he appeared also to me-even though I am like someone whose birth was abnormal.
- For I am the least of all the apostles- I do not even deserve to be called an apostle, because I persecuted the church of God.
- But by God's grace I am what I am, and the grace that he gave me was not without effect.
- So then, whether it came from me or from them, this is what we all preach, and this is what you believe.
- Now, since our message is that Christ has been raised from death, how can some of you say that the dead will not be raised to life?
- If that is true, it means that Christ was not raised.
- And if Christ has not been raised from death, then we have nothing to preach and you nothing to preach and you have nothing to believe.

MAJOR THEME: MAN'S RESPONSE THROUGH FAITH AND LOVE

SUB THEME: MAN'S EVASION OF GOD

DIMENSION: PRESENT SITUATION

Many people run away from the real world because they find the reality in this world too difficult to accept. They therefore, decide to have their own “*world*” a dream world in which they pretend to be but they are not. In extreme cases, such people develop a *psychotic* state of the mind. This is a mental state of mind where a person has lost touch with reality. Such confusion leads people to deny the existence of God.

REASONS SOME PEOPLE GIVE FOR NOT BELIEVING IN GOD

- A good God cannot exist in the world where there is so much evil.
- Some believe they are on their way to the top; hence no one can stand in their way.
- Because God allowed something bad to happen to them i.e. death of parents.
- Others believe they are successfully self-made persons.
- Because science has all the answers.
- God is for the children and aged.
- They are masters of their own destiny.
- Money is everything.

REASONS SOME PEOPLE GIVE FOR GIVING UP/STOPPING THEIR BELIEF IN GOD

- Because of the new cultures coming to Africa i.e. new technology, religious ideas etc.
- Rivalry (competition for converts from different churches. Hence, creating confusion).
- Rise of Nationalism (self-rule) and self-identity i.e. a Christian God became a white God.
- The mode of living of some Christians i.e. practicing tribalism, prejudice or exploitation and racialism.
- Coming of new technology i.e. able to solve problems without any reference to God.
- Others joined the Church because of chance for education or God had no meaning in their lives.

SUBSTITUTES FOR GOD: THOSE WHO STOP THEIR FAITH IN GOD. THE FOLLOWING AS A REPLACEMENT

- Science
- Money
- Technology
- Sex
- Power
- Ambition
- Education

- Efficiency
- Ideology

EVASION OF GOD AMONG THE MUSLIMS/ISLAM

E.g.: Explain what evasion is among the Muslims

- Evasion of God in Islam is based on a person called hypocrite
- He is a person who pretends to be good but he is not
- He makes a mockery of God
- One pretends to be good because one wants to gain something
- Prophet Mohammed dislikes such a person

E.g.: Give four traits of a hypocrite in Islam

- When he speaks he tells lies
- When he is entrusted, he betrays the trust
- When he makes a promise, he proves treacherous
- When he quarrels, he uses obscene language

EVASION IN HINDUISM: HINDUS HAVE TWO WAYS OF VIEWING RELIGION (TRUTH)

A. Truth as what God has revealed to man

- It can be stated in form of beliefs/doctrines
- It can be summarized in a creed, e.g. like Moslems
- Those who refuse to accept this truth are condemned as heretics (**sinner**s)
- Faith such as Christianity and Islam focus on this way

B. Truth as man searches for God

- Hindus see people's differing from each other
 - Each person must find his/her own way to God

- There are many ways to God just as there are many people
- Each Hindu feels free to choose what he/she finds more suitable as means of approaching God

APPEARANCES / ILLUSION

- Hindus believe that this world is not a real world
- It is like a curtain hanging around people preventing them from seeing what is beyond
- This illusion is called **Maya**
- True vision is seeing everything from God's view point

SEARCHING FOR TRUTH

MAN IS DIFFERENT FROM ANIMALS

- Because man is dedicated to search for the truth
- This search is not a matter of mere knowledge
- It implies having a good outlook
- Man must have right attitude
- Any one pre occupied with material things is cut off from the search for the truth

CHURCH HISTORY

There was division in the early Church because of following different teachings given by two Philosophers

A. TERTULLIAN IN THE CITY OF CARTHAGE

- He taught that there was no connection between Christ and popular philosophy
- He believed that the Bible alone was sufficient

B. CLEMENT AND LATER ORIGEN IN THE CITY OF ALEXANDRIA

- Believed that philosophy was a bridge which could link men to Christ
- He also taught that God was already at work in none Christian philosophies and traditional Christian religions

THE PHILOSOPHY OF GNOSTICISM

Was born in the city of Alexandria, It was a mixture of many other philosophies.

TEACHINGS OF GNOSTICISM

- Taught that salvation is acquired through knowledge
- All matter was evil, only spirit was good
- The world was also evil since it was made out of matter
- The body of man (**matter**) was evil
- The Jewish Yahweh (God) was evil as he had created the world
- Jesus himself was a pure spirit and so could not have had a material body

The teachings of Gnosticism however, disagree or contradict the teaching of the Christian faith because of the following Christian teachings

- The world was created good by God
- Man was created in the image of God who is good
- Salvation comes through Jesus Christ who died on the cross and later rose from the dead
- God is spirit but God entered into the history of man through Jesus Christ in Jesus God became flesh.

DOCTRINE VERSUS LOVE: In many countries there are Churches and meeting halls belonging to different groups of Christians because the Christian Church is divided. All these different Churches claim to be following Christ. The division which is seen today among Christian Churches came from the Reformation of the 16th century.

E.g.: Explain how the Churches have been sometimes more concerned with individual Church doctrines than with Christ's command to love and create Christian fellowship (In short, reasons for reformation- changes in the 16th century).

- The division stems from the Reformation of the 16th century
- The Church needed reforming to become more faithful to the teaching of Jesus Christ
- Martin Luther- a Germany monk protested against the authority of the pope on the question of indulgences
- This was the beginning of Protestantism
- John Calvin set up the Presbyterian church in Geneva
- The church in England broke away to become Anglicanism
- There were quarrels between the Catholics and the Protestants, and between Lutherans and Calvinist
- The Anglican church could not tolerate anyone outside it and many left England for America to establish free churches

- You think you are wiser than Daniel that no secret can be kept from you
- Your wisdom and skill made you rich with treasures of gold and silver
- You made clever business deals and kept on making profit

- They will kill you and send you to a watery grave
- When they come to kill you, will you still claim that you are a god?
- When you face your murderers, you will be mortal and not divine
- You will die like a dog at the hand of godless foreigners
- I, the Sovereign Lord have given the command

APPLICATION

❖ EXPLAIN HOW OUR LEADERS CAN BEHAVE IN A SIMILAR MANNER LIKE THE KING OF TYRE

PSALMS 53

- Fools say to themselves there is no God

NEW TESTAMENT

**KEY WORDS: RELIGION-JESUS CONDEMNS THE PHARISEES FOR THE
OUTWARD (EXTERNAL) OBSERVANCE OF LAW. JESUS'S
DISCIPLES ACCUSED OF EATING WITH UNWASHED
HANDS.**

MARK 7:1-13

- Some Pharisees and the teachers of law who had come from Jerusalem gathered around Jesus
- They noticed that some of his disciples were eating their food with hands that were ritually unclean
- That is they had not washed them in the way the Pharisees said people should
- For the Pharisees as well as the rest of the Jews, follow the teaching they received from their ancestors
- They do not eat unless they wash their hands in a proper way
- Nor do they eat anything that comes from the market unless they wash it first
- And they follow many other rules which they have received such as proper way to wash cups, pots, copper bowls and beds.
- So the Pharisees and the teachers of law asked Jesus
- Why is it that your disciples do not follow the teaching handed down by our ancestors instead they eat with ritually unclean hands
- Jesus answered them “how right Isaiah was when he prophesied about you” you are hypocrites just as he wrote
- These people, says God honor me with their words but their heart is really far away from me
- It is no use for them to worship me because they teach man made rules as though they were God’s laws
- You put aside God’s command and obey the teachings of men
- And Jesus continued “you have a clever way of rejecting God’s laws in order to uphold your own teaching

- For Moses commanded “Respect your father and your mother and whoever curses his father or his mother is to be put to death
- But you teach that if a person has something he could use to help his father or mother but says this corban
- He is excused from helping his father or mother
- In this way the teaching you pass on to others cancels out the word of God
- And there are many other things like this that you do

APPLICATION

❖ WITH REFERENCE TO THE PASSAGE ABOVE, EXPLAIN HOW CHRISTIANS TODAY CAN BEHAVE IN A SIMILAR A MANNER

- Pretending to teach God’s teaching of loving others but do not look after orphans
- Attending church services every Sabbath but not helping the poor
- Preaching about forgiveness but do not forgive those who wrong them
- Preach to people on the need to look after money but they instead rob the poor and church of money etc.

KEY WORDS: INDIFFERENTISM- SOME PEOPLE NEITHER LOVE GOD NOR HATE HIM BUT REMAIN INDIFFERENT. STORY OF THE RICH FOOL

LUKE 12:13-21

- A man in the crowd said to Jesus, “Teacher, tell my brother to divide with me the property my father left us”

- Jesus answered him, “My friend, who gave me the right to judge or to divide the property between you two”
- And he went on to say to them all. “Watch out and guard yourselves from every kind of greed”
- Because a person’s true life is not made up of the things he owns, no matter how rich he may be
- Then Jesus told them this parable. There was once a rich man who had land which bore good crops
- He began to think to himself, I haven’t anywhere to keep my crops what can I do?
- This is what I will do, he told himself

- After achieving forgiveness for human sins

- He sat down in heaven at the right hand side of God , the supreme power

KEY WORD: EXPLAIN HOW NON-JEWS WOULD BE MORE OPEN TO ACCEPT JESUS'S MESSAGE OF SALVATION THAN THE JEWS WOULD BE

LUKE 11:29-32

- As people crowded Jesus, he went on to say
- How evil are the people of this day
- They ask for a miracle but none will be given to them except the miracles of Jonah
- In the same way that prophet Jonah was a sign for the people of Nineveh
- So the son of man will be a sign for the people of this day
- On the judgment day the queen of Sheba will stand up and accuse the people to day
- Because she travelled all the way from her country to listen to King Solomon's wise teaching
- And I tell you there is something here greater than Solomon
- On judgment day the people of Nineveh will stand up and accuse you
- Because they turned from their sins when they heard Jonah preach
- And I assure you that there is something here greater than Jonah

KEY WORDS: EXPLAIN PAUL'S TEACHING THAT PAGANS HAVE A CERTAIN NATURAL ABILITY TO KNOW WHAT GOD WANTS

ROMANS 1: 18-32

- God's anger is revealed from heaven against all the sin and evil of the people whose evil ways prevent the truth from being known
- God punishes them, because what can be known about God is plain to them for God himself made it plain

- Ever since God created the world, his invisible qualities, both his internal and Divine nature have been clearly seen
- They are perceived in things that God has made
- So those people have no excuse at all
- They know God, but they do not give him the honor that belongs to him, nor do they thank him
- Instead, their thoughts have become completely nonsense and their empty minds are filled with darkness
- They say they are wise, but they are fools
- Instead of worshiping the immortal God, they worship images, made to look like mortal human beings or birds or animals or reptiles
- And so, God has given those people over to do the filthy things their hearts desires and they do shameful things with each other
- Men do shameful things with each other and as a result they bring upon punishment they deserves for their wrong doing
- Because those people refuse to keep in mind the true knowledge about God, he has given them over to corrupted minds, so that they do the things that they should not do.
- They are filled with all kinds of wickedness, evil, greed and vice
- They are full of jealousy, murder, fighting, deceit and malice.
- They gossip and speak evil of one another.
- They are hateful to God, insolent, they disobey their parents
- They have no conscience, they do not keep their promises and they show no kindness or pity for others
- They know that God's law says that people who live in this way deserve death
- Yet not only do continue to do these very things, but they even approve of others who do them

KEY WORDS: EXPLAINS THAT GOD IS REVEALED THROUGH WHAT HE HAS CREATED

ACTS 17:16-34

- Some asked them, "What is this ignorant show-off trying to say?"
- Others answered, "He seem to be talking about foreign Gods"
- They said this because Paul was preaching about Jesus and the resurrection
- So they took Paul , because he was preaching about Jesus and the resurrection
- So they took and brought him before they city council, they Aeropause and said
- We would like to know what this new teaching is that you are talking about
- Some of the things we hear you say sound strange to us
- And we would like to know what they mean
- For all the citizens of Athens and the foreigners who lived there liked to spend all their time telling and hearing latest new things
- Paul stood up in front of the city council and said, "I see that in every way you Athenians are very religious"
- For as I walked through your city and looked at the places where you worshiped , I found an alter on which is written "To an unknown God"
- That which you worship, then, even though you do not it, is what I now proclaim to you
- God who made the world and everything in it, is the Lord of heaven and Earth does not live in manmade temples
- Nor does he need anything that we can supply be work for him
- Since it is he who gives life and breath, and everything else to everyone
- From one man he created all races of mankind and made them live throughout the whole earth
- He himself fixed beforehand the exact time and the limit of the places where they would live
- He did this so that they would look at him, and perhaps find him as they felt for him

- Yet God is actually not far from any of us, as someone has said
- In him we live, move and exist
- It is as some of your poets has said
- Since we are Gods children we should not suppose that this nature is anything like an Image gold, or silver or stone, shaped by the arm and skill of man
- God has overlooked the times when people did not know him
- But now he commands all of them every were away from evil ways
- For he has fixed a day in which he will judge the whole with justice by means of a man he has chosen
- He was given proof of this to everything by rising from death, they made fun of him but others said.
